

**Report of the Student Council  
to the Board of Regents**  
December 2, 2011

The Student Council held its second regular meeting at Frostburg State University last month. We passed a series of amendments to our Constitution and By-Laws, namely changes that would permit representatives from regional centers to receive full-voting rights. The Council also responded to five questions regarding the UMCP-UMB merger that were sent by the Chancellor and Regents. The Council will host and facilitate a systemwide college newspaper summit in the Spring.

The Council participated in the second annual Joint USM Councils Meeting this past month at the University of Maryland, College Park. The Council would like to thank Mr. Brown and Dr. Shirazi for their hard work on this very important event, and for Chancellor Kirwan and Secretary Howard for attending the meeting.

The next meeting of the Council will be held on December 12, 2011 at the University of Maryland, Baltimore County where the Council will be meeting in executive session to interview candidates for student regent.
