Officers for the coming year.

g. Chancellor’s Report. Chancellor Kirwan thanked Chairwoman Pat Florestano for her
willingness to step forward to assume the chairmanship of the Board of Regents upon
Orlan Johnson’s resignation from the position. He also thanked the Frostburg State
University (FSU) community for hosting the Board of Regents meeting, noting FSU’s
role as the primary cultural, technological, and economic development hub for the
Western Maryland region.

The Chancellor highlighted many of the impressive accomplishments on all of the
USM campuses. He also reported that beginning on July 1, 2012 Juliette B. Bell will
assume the presidency of the University of Maryland Eastern Shore (UMES). New
leadership is also coming to the University System of Maryland at Hagerstown
(USMH), with Mark Halsey assuming the position of executive director of USMH on
May 21, 2012. University of Maryland University College (UMUC) also has new
leadership, with Javier Miyares appointed as acting president. Chancellor also
reported on recent ranking of USM institutions in the *U.S. News & World Report*
rankings of graduate programs.

Chancellor Kirwan provided a report on the actions of the Maryland General
Assembly. On the capital budget, he noted that they approved every USM request in
the Governor's FY2013 Capital Budget and advanced funding for a half-dozen more
critical projects, totaling $221 million. He also reported that all significant pieces of
legislation impacting the USM were resolved in a manner that was supportive of
USM. He reported that the Maryland Innovation Initiative passed which will provide
grant funds to researchers at Maryland’s public and private universities to encourage
the transfer of university research to possible commercially viable products and
processes. The Initiative also provides statutory changes to the USM Public
Corporation status granting the USM additional flexibility and autonomy for high
economic impact university activities.

The Chancellor reported that the funding and implementation of the operating budget
is still uncertain. The General Assembly passed an operating budget but did not pass
the tax legislation required to fully fund the budget or the Budget Reconciliation and
Financing Act (BRFA), which is also required for the budget to take effect. The
General Assembly needs to take action to fully fund the budget or a “doomsday
budget” will go into effect which could result in direct budget cuts exceeding $50
million of general funds to USM. In addition, under this doomsday budget, the six-
month, cost-of-living increase for all state employees—USM employees included—
would be eliminated and employee health insurance cost sharing would increase. It is
hoped that the governor and legislative leadership will work out their differences and
reconvene to pass the tax legislation and BRFA in a special session, allowing the FY
2013 budget to go into effect on July 1, 2012, as planned.

a. Council of University System Presidents. President Burnim reported on the Council’s meetings on March 6, 2012 and April 2, 2012. At these meeting the Presidents discussed the 2012 Legislative session, a USM family leave policy, a policy for USM institutions to be smoke-free, and a proposed Entrepreneur of the Year award. The presidents were briefed on the status of a collective bargaining bill being considered by the General Assembly, the USM proposal for meet and confer and electronic transcripts. The Chancellor and presidents discussed the issue of differential tuition. Mr. Page reviewed the draft report and proposed policies on intercollegiate athletics. President Loh discussed his request to change the UMCP EEO statements used for employment postings, as well appropriate campus policies.

b. Council of University System Faculty. Dr. Joyce Shirazi presented the report on the Council. Dr. Shirazi reported on the February 15, 2012 and March 16 meetings of the CUSF General Body. At the February 15th meeting CUSF was provided an update on the USM goal to have a 55% completion rate of AA and BS degrees by 2025. CUSF expressed concerns that more resources were needed to meet the goal; they also raised the issue of the growth of administration versus faculty. CUSF also had a panel discussion on maintaining the legacy of shared governance.

At the March 16, 2012 CUSF passed three motions – one related to the DLS recommendation on the USM budget, a second related to the USM Child Abuse Policy and a motion in support of the DREAM act. Also, Vice Chancellor Joe Vivona briefed CUSF on the Meet and Confer process and Assistant Vice Chancellor of Administration and Finance JoAnn Goedert discussed proposed improvements in the proposed maternity and paternity leave policy for faculty. Senior Vice Chancellor Irv Goldstein presented the USM academic affairs report and briefed CUSF on the budget and the status of the Coalition Case.

c. Council of University System Staff. Mr. Brown reported on the March 27 CUSS meeting which included a presentation on CASA of Maryland. While CASA wishes to secure CUSS’s support for the Dream Act on the November ballot; CUSS members will return to their individual institutions to discuss this issue with constituents. CUSS discussed the timeline for the 2012 Board of Regents Awards, as well as the creation of a new award. Mr. Brown noted that 2,536 faculty, staff and students sent more than 19,000 messages to the Maryland General Assembly objecting to the increased budget cuts to USM and its institutions.

d. University System of Maryland Student Council. Mr. Schoelen provided the report of the student council for their meeting on March 11, 2012. The Council passed two resolutions, which addressed a proposal to include graduate student employees in parental leave policies in all USM institutions. Members also received an update on the 2012 legislative session and raised concern about the proposed budget cuts that could have negative effects on the USM and its institutions. Student leaders across the USM worked hard to ensure that students took an active role in the campaign to
urge legislators to oppose the proposed budget cuts. Mr. Schoelen reported that student council members have testified on a number of higher education bills and have worked with the USM to ensure that students have a strong presence during the legislative session. Mr. Schoelen also reported that the USM Education Policy Committee approved the proposed changes to the USM Policy and the Council Constitution, which grants full voting rights to Council members from regional higher education centers; the Council urged the full Board to adopt the proposed changes.
