SAT Percentile Distributions of First-Time Undergraduates Fall 2011 - 2015

Background

This report provides the 25th and 75th percentiles of the combined math and reading scores for first-time, full-time, and part-time undergraduates at all USM institutions (except UMB and UMUC). The USM institutions report SAT scores of first-time undergraduates to MHEC annually. These data are also submitted to the U.S. Department of Education's national data system (IPEDS), and are used by external organizations (such as *U.S. News*) for various purposes, including calculations of institutional quality rankings. Also included in this report are summary findings on Maryland trends from the College Board as well as peer data for fall 2014 students. For further information, contact Chad Muntz, cmuntz@usmd.edu (301) 445-2737 or Rebecca Bell, rbell@usmd.edu (301) 445-2779.

USM Scores

- In fall 2015, a total of 10,246 of the 12,225 freshmen who enrolled at a USM institution were reported in the official SAT scores. As noted, not all freshmen take the SAT. The proportion of the freshmen cohort with SAT scores is lower either because of alternative standardized test scores or admission policy exemptions.
- For the sixth year, four institutions (Salisbury, Towson, UMBC, and UMCP) reported that at least three-quarters of their freshmen class who reported SAT scores had combined SAT scores greater than 1,000. Based on this distribution, nearly 70% of the USM New Freshmen reporting combined SAT scores were above 1,000. See Table 1 for score distributions by campus

Table 1
Trends in SAT 25th and 75th Percentile Scores
Fall 2011 – Fall 2015

	2011		2012		2013		2014		2015

CSU	810	920	820	920	810	930	810	950	810	950
UMES	790	940	790	940	800	940	780	920	760	910

Source: MHEC Form S-11

*Scores are two-part scores (math and verbal combined).

**Includes scores from all first-time, full- and part-time students.

Table 1 (above) displays the combined SAT scores at the 25th and 75th percentiles for fall 2011 through fall 2015. Fifty percent of incoming freshmen received SAT scores in the range between the 25th and 75th scores displayed in the table.

SAT Percentile Distributions of First-Time Undergraduates Fall 2011 - 2015

Maryland High School Graduates Trends (College Board)

- Last year 48,845 Maryland high school graduates completed the SAT. This represented nearly 80% of the high school graduates in Maryland. The mean Maryland scores were slightly below national means.
 - 493 Math mean compared to national Math mean of 511
 - 491 Reading mean compared to national Reading mean of 495

- Less than half (23,936) of the Maryland high school graduates who completed the SAT sent their test scores to USM institutions. However, the average score for those students who did submit them to a USM institution was slightly higher than the average score for Maryland and the nation.
 - 532 Math mean for USM applicants (14,697 scored 500 or above)
 - 526 Reading mean for USM applicants (14,371 scored 500 or above)
 - USM applicants' percentile distribution were 1,220 (75th); 1,060 (50th); and 900 (25th)
 - USM applicants' mean high school GPA was 3.39 (21,007 finished 3.00 or above)
 - 16,342 USM applicants completed 4 or more math courses in high school

National Trends from the National Center for Education Statistics (IPEDS)

- Nationally, USM institutions are competitive with peer institutions from the “competitor states” on the 25th and 75th percentiles of math and reading scores. Table 2 displays fall 2014 SAT data (the most recently available) for critical reading and mathematics scores. Highlighted are the USM institutions within alphabetical lists of their peer institutions.
