

**TOPIC:** Campus Crime Reports and Update on Sexual Misconduct

**COMMITTEE:** Education Policy and Student Life

**DATE OF COMMITTEE MEETING:** May 10, 2016

**SUMMARY:** The data included in this report are drawn from the Campus Safety and Security data files on the website of the Office of Postsecondary Education of the U.S. Department of Education. These data are submitted annually by all postsecondary institutions that receive Title IV (federal student aid programs) funding. Additionally, the Department of Education requires that, by October 1 of each year, these institutions publish and distribute an annual campus security report to all current students and employees. This data collection is required by the Clery Act and the Higher Education Opportunity Act. The statistics represent alleged criminal offenses reported to campus security authorities and/or local police agencies. The data collected do not necessarily reflect prosecutions or convictions and are not directly comparable to data from the FBI's Uniform Crime Reporting System, which only collects statistics from police authorities. And although the crime data reported by the institutions have not been subjected to independent verification, at this time, this is an important measure of campus safety and security.

The tables on crime reports by institution for 2012- 2014 include criminal offenses and arrests and campus disciplinary actions for various on-campus violations. In addition to total number of reported incidents, the tables provide a rate that reflects the total number of incidents per 1,000 students. A trend table showing five years of system-wide data (total number of incidents in each category) is also included.

For the first time in several years, some of the categories within this report have changed. The terms forcible and non-forcible sex offenses have been discontinued and have been replaced by the more specific offenses of rape, fondling, incest, and statutory rape. Violence Against Women Act (VAWA) Offenses (dating violence, domestic violence, and stalking) have also been added this year. We've attached a glossary that provides definitions for the various terms used in the reports.

This report will inform the regents about various aspects of campus safety and security and will also include a brief update on sexual misconduct work being done on our campuses. The details found in this report provide context the regents may use to ask questions and make suggestions and recommendations about activities at institutions within the System.
