Minutes of the Public Session

Call to Order. Chair Linda Gooden called the meeting of the University System of Maryland Board of Regents to order at 9:04 a.m. on Friday, September 20, 2019 at Coppin State University. Those in attendance were: Chair Gooden; Regents Attman, Gossett, Holzapfel, Johnson, Neall, Needham, Rauch, Wallace, and Wood; Dr. Robert Mock (for Anderson), Breaux, Burnim (Interim), Goodwin, Hrabowski, Loh, Miyares, Nowaczyk, Perman, Dr. Melanie Perreault (for Schatzel), Dr. Darlene B. Smith (for Schmoke), Dr. Karen Olmstead (for Wight); Chancellor Caret, Vice Chancellors Boughman, Herbst, Hogan, McDonough, Raley, and Sadowski; Ms. Wilkerson, and AAGs Bainbridge and Langrill.

A moment of silence was observed in recognition of deceased regent, Katrina J. Dennis, who passed on August 31, 2019. The Board voted to approve a resolution in honor of Regent Dennis. (Moved by Chair Gooden, seconded by Regent Wood; unanimously approved). Arrangements were made to give the resolution to Regent Dennis’s mother.

Welcome from Coppin State University (CSU). Interim President Mickey Burnim welcomed the regents and presidents and highlighted accomplishments of CSU.

Chair Gooden recognized the Board of Regents Staff Awards recipients and offered a round of applause for their accomplishments.

Educational Forum – Student Debt and Financial Aid. Dr. David Attis, Education Advisory Board and Mr. Chad Muntz, University System of Maryland, presented information on the challenges and opportunities related to student debt. Dr. Attis pointed out that total outstanding student debt increased dramatically; and, that rising tuition is only one factor. He stated that most common assumptions are incorrect:

- Students with the most debt are the most likely to default but the data show the lowest amounts of debt are the most likely to default
- Low income families have the most debt but the data show that the wealthiest families have the most debt
- “Free college” would eliminate student debt but this doesn’t consider student loans borrowed to cover the cost of room, board, transportation, and books. In the case at many public institution, tuition is less than these aforementioned educational costs.
Students should be encouraged to borrow less but the data show that community college students who borrowed were more likely to graduate than those who borrowed less.

While students from all types of institutions may have debt, the vast majority of the $1.5 trillion student debt is held by former students at for-profit and private institutions.

Mr. Muntz then presented USM statistical data to support the conclusions reached.

- Approximately half of USM undergraduate students have student debt whereas the public perception is that all students have student debt.
- The USM undergraduate degree recipients’ average student debt is reasonable—
  - Approximately equal to or less than one-year cost of attendance versus the public perception that cumulative student debt is over $100,000
  - Approximately 25% less for lower-income students
  - Significantly lower for instate Maryland students compared to out-of-state students

They concluded the presentation with some suggestions of what can be done to manage reasonable student debt:

- Decrease the time-to-degree and increase graduation rates
- Increase post-graduation salaries through better career support so that students have sufficient income to pay
- Reduce loan amounts through efficient use of federal, state, and institutional aid
- Make loans easier to repay
- Discourage students from enrolling in programs or institutions with high default rates

Chancellor’s Report. Chancellor Caret started by introducing new Regents, Kelly Schulz and Drew Needham (student Regent) and noting that Chair Gooden was appointed to one of the new board positions by Speaker Adrienne Jones. He also highlighted some changes to the board for this year including live streaming of board meetings and a “Regents Report” summary to follow meetings. He recognized the Regent Staff Award winners and the Elkins Professorship Awardees.

Chancellor Caret thanked Coppin State University and Interim President Burnim for hosting. He noted accomplishments both at CSU and other USM institutions. He closed by providing updates on the UMCP, Chancellor, and CSU searches. With regards to the CSU search, he highlighted the work of Regent Katrina Dennis in leading that search before her passing and shared that her legacy will be honored when the new president is selected. Regent Robert Wallace will be the new chair of the CSU Presidential Search Committee.

1. Report of Councils
   a. Council of University System Presidents (CUSP). Dr. Perman presented the report. CUSP met on August 6th. Topics discussed included an overview of the FY 21 budget, shared governance reports, the JCR on improving student completion, the Universities at Shady Grove, enterprise risk and crisis management, the possibility of
