JOB SUMMARY

Under general supervision, provides administrative supervision and technical of the general and daily operations of a large mechanical trades unit. Incumbents at this level typically supervise Trades Chiefs and/or Trades Supervisors and do not regularly perform trades work.

PRIMARY DUTIES

1. Plans, organizes, assigns, and reviews the technical maintenance work and installation services rendered by unskilled, semi-skilled, and skilled workers assigned to multi trade work team(s).
2. Supervises and trains assigned personnel. Performs on-the-job training and participates in performance management process.
3. Assists in budget projections, budget preparation and departmental planning for area of responsibility.
4. Recommends and oversees internal operating procedures.
5. Reviews work orders; determines work priority and makes appropriate personnel assignments; makes recommendations regarding work that falls outside the scope of the shop and suggests alternatives for timely and appropriate completion.
6. Ensures adequate supplies, materials, and equipment are maintained for area(s); initiates and/or prepares documentation related to purchase transactions; recommends and supervises vendors; oversees the ordering process.
7. Performs estimates of time, labor, and materials to be used on assigned projects. Prepares contractual specifications for construction, renovation, or overhaul work to be done by outside contractors.

8. Prepares a variety of special and recurring reports and analyses reflecting daily operations and project status.
9. Inspects shop and work areas for adherence to safety, sanitary, and security regulations. Ensures area meets established standards.
10. Inspects completed job assignments for adherence to trade standards and contract specifications.
11. Troubleshoots problems and performs maintenance repairs.
12. Operates and ensures operational readiness and safety of the tools and equipment of the trade(s). Repairs and/or directs the repair of machinery and equipment using hand and power tools, precision measuring devices and testing instruments.

Note: The intent of this list of primary duties is to provide a representative summary of the major duties and responsibilities of this job. Incumbents perform other related duties assigned. Specific duties and responsibilities may vary based upon departmental needs.

MINIMUM QUALIFICATIONS

EDUCATION: High School Diploma or GED.

EXPERIENCE: Seven years progressively responsible experience in the trade(s) where assigned to include at least four years in a lead or supervisory capacity.

OTHER:
