

Dale "Dr. Z." Zabriskie Biography

As an Evangelist for Symantec Corporation, Dale "Dr. Z" Zabriskie consults with IT professionals across the globe, advising on strategies for securing and managing their information. He is a CISSP (Certified Information Systems Security Professional), certified in Cloud Security Knowledge (CCSK), and is known for his ability to relate both technically and conceptually in an authoritative yet entertaining style.

In his 14-plus year tenure with Symantec, Mr. Zabriskie has worked with organizations in over forty countries. He has also been a popular moderator and participant in numerous industry panels. His expertise is supported by over thirty years of career experience in information technology, regulatory compliance, research and development, healthcare, manufacturing, and sales with companies like IBM, SunGard, IKON, Fisher Scientific, and VERITAS.
