II. Chair's Report

- Nominations
 - Final nominations for Chair, Vice Chair and Co-Secretary positions taken
 - Willie nominated Karyn Schulz for Co-Secretary
 - Willie Brown elected as Chair
 - Gynene Sullivan elected as Vice Chair after vote by primary members and alternate members representing absent primary members
 - Discussion held prior to vote to determine if Giordana Segneri (also nominated for Vice Chair) were to win, would Karyn Schulz be able to serve as Co-Secretary since bylaws do not allow two Executive members to be from same school
 - If Giordana were to win, Karyn Schulz would step down from nomination
 - Brian Souder and Karyn Schulz were elected to be Co-Secretaries
- Chancellor's Report
 - Giordana Segneri attended the May Chancellor's Council meeting in Willie's absence and filed a brief report
 - Key areas:
 - USM received a \$4 million reduction out of legislative session – Chancellor felt this was a “win” for USM
 - Chancellor commented on the unity (CUSS visit, joint meetings, etc.) on big-picture issues in Annapolis made a big difference
 - USM successfully resisted development of collective bargaining for graduate assistants and adjunct faculty; in exchange, USM funded a study
 - UMCP-UMB Merger Study
 - Draft outline of how study will be conducted has been provided; all groups should contact Chancellor with issues, thoughts, etc.
 - There will be open hearings; councils are welcome to be present
 - Can we attend as individuals? – Yes
 - Get comments back to Chancellor ASAP
- By Law Review
 - Karyn has student employees reviewing minutes on CUSS website to determine most recent changes to bylaws
 - Minutes reviewed through 2004 – work in progress
 - Possibly ask students to review newsletters as well to create an historical timeline (CUSS turns 20 in 2012)
- Newsletter
 - Members reviewed current layout versus new layout created by Gynene Sullivan
 - Voted to use new layout for all future editions
- BOR Staff Award Process Review (Joel DeWyer for Chris Thomas)
 - Key concerns were outlined by Chris:

- Timing of announcement of winners
- Evaluation form is confusing and prone to be too subjective
- Kay: as a reader of the nomination packets, the process was difficult to complete, for example how does the reader determine which are the “top” letters of recommendation as well as supporting materials
 - Also, packets can be scored based on size (number of documents) as opposed to content of packet
 - Feels need for clarification – criteria for packets
 - # of letters, number of documents, etc.
- Meredith: there should be a minimum amount needed to be considered a complete packet
 - How do we evaluate supporting materials?
- General concern from readers about subjectivity, variety, etc.
- Joel: provide a standard to start from (packet)
- Lori: supports creating a standard packet and wants to see an increase in nominations across institutions
- Karyn: if packet is standard then the “story” told will stand out better
- Gynene: should establish a minimum and a maximum
- Mary: do we know the total number of nominations received? Are numbers low? How do we encourage more nominations
- Brenda: at Towson, there is a BOR Awards committee that partners with the person being nominated
- CRITERIA
 - 3 letters of recommendation no longer than one page in length
 - Include wording to the effect:
 - Packets that do not meet these requirements will not be reviewed or considered
 - Must be prominent on forms
 - Nomination letter must be no longer than 2 pages
 - 3 supporting documents/materials to be included to not exceed 5 pages, single sided and at least 10 pt font
 - Resume will no longer be included
 - Discussion about inclusion of resume to demonstrate “exceptional” to reviewer
 - Rosario suggested that the Position Description (PD) form be used in place of the resume
 - Joel: scans the resume but doesn’t give it much weight in decision
 - Debby: most resumes are filled with superfluous material/information
 - No standard to measure or compare each packet
 - Roy: if use Position Description form, are they correct? Current?

- Can we obtain a letter that demonstrates the employee has gone above and beyond?
- Willie: length of resume determines length of service but this can be put on nomination form too and signed by supervisor
- Statement from nominee or someone else?
- Gus: concern about not using PD form how do we determine if person is exceptional
- Corey: resume gives a sense of who the person is but should not be weighted; the nomination committee should determine who is/isn't exceptional
- Kathy: resume is easy to read and use
- Kay: resume isn't important in determining who should be selected
- Gus: wants something to indicate why a person is exceptional – can this be included in a letter?
 - Provide examples, guidelines
 - Still wants a Position Description form
- Meredith: resume adds some extra information but it is not always relevant
- Debby: purpose of a resume is to get a job
- Mary: process should be standardized and reviewing resumes is subjective
- Gynene: include the PD form as standard, resume should be an extra
- Kay: all other documents should indicate if person is exceptional
- Colette: for Effectiveness and Efficiency award she used resumes to help select winner
- Karyn: is it standard to have a PD form?
- Rosario: yes – it should be across USM and they should be current; great opportunity to insure they are both current and accurate
- Jackie: resume should be optional or a choice
- Dolores: should use the PD form because of a concern of a lack of a resume especially for Nonexempt as well as a lack of a PD form for a Nonexempt
- VOTE:
 - Resume: No longer required for packet
 - Use of PD form **OR** Statement from a supervisor
 - PD form will be preferred
 - Statement must include:
 - Purpose of decision to nominate

- Duties/responsibilities of nominee
 - Nomination/Evaluation form
 - Remove following statements:
 - Additional discretionary points by evaluator based on overall packet in regard to exceptional contribution or unit
 - How would you rank this packet compared to others in this category?
- How to increase nominations?
 - Start advertising awards now on each campus staff council
 - Their responsibility to get the word out and get the momentum going
 - Include in newsletter with new specific and simplified criteria
 - Lori suggested we challenge the presidents to increase their nominations and provide support through CUSS to prepare quality packets
 - Willie will mention this challenge at the next Chancellor's Council meeting – asking the Chancellor to task the presidents to this challenge
 - Joel indicated he would work with Chris to create an “outstanding packet template” to share with each campus
 - Dolores wants to see the motivation come both from the top (Chancellor) down and the bottom (Nonexempt) up
 - Sister Maureen indicated that this a great time to challenge the presidents since we have new presidents since the last “challenge”
 - Need major marketing campaign with new information/criteria of awards
 - Send ways to get the challenge going to increase nominations to Willie
 - Review the history of the awards (Karyn's student employees)
 - Number of awards per school in the last 5 years
 - Include number of nominees (all categories)
- Timing of awards – there is concern that the awards are recognized too late for full appreciation and often after some award recipients have left the institution or system
 - Suggested new timeline
 - Campuses begin selection process in July/August
 - Nomination packets sent to campuses in August

- Completed nomination packets submitted to CUSS by Thanksgiving (11/25/11 – postmarked)
- CUSS selects candidates and submits to Board of Regents for approval in January to review during their February meeting
- Recognition ceremony held during BOR meeting in June
 - **New award discussion to be held during July meeting**
- Agenda items for CUSS/CUSF/SGA to be discussed at next meeting
 - **Send ideas to Willie**
- Discussion about writing a letter of appreciation or create a certificate of appreciation for Governor O’Malley and Chancellor Kirwan in regards to their hard work and continued support of USM and higher education in Maryland
 - Decided to order plaques of appreciation – Brenda Yarema to investigate
 - Send wording ideas to Brenda (byarema@towson.edu)
 - Include Joyce Shirazi (CUSF) in discussion
