Introduction

This report was prepared in accordance with the Cultural Diversity Report guidelines prepared by the Maryland Higher Education Commission (MHEC). The report meets the requirements for Education §11-406 (Plan for Cultural Diversity) and contains four sections: a summary of Bowie State University’s Cultural Diversity Plan; efforts to increase the numbers of traditionally underrepresented student, faculty and staff populations; a description of initiatives designed to create positive interactions and cultural awareness across the campus; and student, faculty and staff race/ethnicity data.

Bowie State University has a long-standing commitment to diversity; it values and celebrates diversity in all of its forms. The University community believes that its educational environment is enriched by the diversity of individuals, groups and cultures that come together in a spirit of learning. As the University aspires to even greater racial diversity, it fully embraces the global definition of diversity that acknowledges and recognizes differences and advances knowledge about race, gender, ethnicity, national origin, political persuasion, culture, sexual orientation, religion, age, and disability.

Bowie State University’s Approach to Cultural Diversity (Table 1)

The University’s Strategic Plan and the annual planning process provide the framework for promoting cultural diversity across the campus. Strategic Plan, Goal 2 focuses on student recruitment, access and retention. In addition, the Strategic Plan articulates the core values of the University: Excellence, Civility, Integrity, Diversity, and Accountability. Our core value of Diversity is defined as “an awareness of and sensitivity to differences, including race, gender, ethnicity, national origin, political persuasion, culture, sexual orientation, religion, age, and disability.” As an HBI, the Bowie State community believed it was important to adopt a definition that went beyond race and ethnicity to include the numerous other characteristics that bring richness to our campus community.

The University’s Cabinet is responsible for establishing annual objectives that align with the Strategic Plan and the President’s annual goals. Once Cabinet objectives are set, Cabinet members work with divisional departments to develop annual action plans. Cabinet members monitor departmental action plans at least twice each fiscal year. The Cabinet also provides the President a mid-year and final report on divisional objectives.

The University takes a decentralized approach to support cultural diversity. Annual objectives relating to cultural diversity flow through the offices of the Provost and Vice President for Academic Affairs, the Executive Vice President and General Counsel, the Vice President of Administration and Finance and the Vice President for Student Affairs. Below are the overarching goals for cultural diversity. Metrics for each are described in detail in Table 1.

1. Infuse international and diversity awareness in the curriculum (Academic Affairs)
2. Expand co-curricular programs that promote diversity awareness (Student Affairs)
3. Recruit, retain and graduate a diverse student body (Academic Affairs)
4. Recruit, hire and retain faculty, staff and administrators from diverse backgrounds (Administration and Finance and Executive Vice President and General Counsel)
5. Maintain a campus climate that respects and values diversity (Cabinet)
The Core Value of Diversity is measured through faculty and staff surveys and the Noel Levitz Student Satisfaction Inventory survey. Each survey is administered every three years. Baseline and subsequent surveys indicate that faculty, staff and students agree that the University values diversity.

**Approaches to Addressing Cultural Diversity Among its Students, Faculty, and Staff (Table 2)**

**Students**
The Enrollment Management Plan sets goals and objectives related to student recruitment and marketing strategies. The specific marketing and recruitment goal related to diversity is to increase new student ethnic and geographic diversity each year by a 1.0% annually. Between fall 2014 and fall 2015, the percentage of non-African-American students increased from 17 percent to 18 percent. The non-African-American undergraduate student population grew from 13 to 14 percent. The non-African-American graduate student population grew from 30 percent to 34 percent due to an increase in students from foreign countries, most notably Saudi Arabia, India, Nigeria, Cameroon, Pakistan and Turkey, often in the STEM disciplines. Evidence of BSU’s commitment to cultural diversity is seen in all of the critical recruiting documents emanating from the University. Current faculty, students and alumni from diverse backgrounds are highlighted in marketing collateral.

**Administrative Staff**
Bowie State University’s workforce consists of a diverse group of dedicated professionals who are committed to implementing the mission of the University. The objective of the Bowie State University Office of Human Resources (OHR) is to attract a qualified pool of diverse candidates to staff positions at the University. In fall 2014, 20 percent of full-time staff were non-African-American. This percentage has been fairly consistent since 2008. During FY 2015, the University hired 38 contractual and regular employees. This percentage included 29% of employees from diverse backgrounds.

The Office of Human Resources continued diversity training for the Office of Residential Life. The workshop provided a review of definitions, discussion of terms and history of diversity, description and discussion of stereotypes and biases, and a discussion of strategies for removing barriers to enhance diversity in the workplace.

The Office of Equal Employment Opportunity Programs (OEEOP) is charged with ensuring compliance with the University’s Affirmative Action Plan; Title IX of the Education Amendments of 1972, including implementation of sexual misconduct policy and procedures for employees and students; EEO complaint processing and training for employees and students; as well as ADA accommodation requests and accessibility initiatives. These areas of compliance support and promote the University’s efforts to recruit and retain a diverse employee and student population across protected and historically underrepresented populations.

In the area of Title IX compliance, the university implemented its policy on Sexual Misconduct which reaffirms the university’s commitment to maintaining an academic and work environment free from discrimination on the basis of sex. The policy on Sexual Misconduct consolidates and clarifies previous misconduct policies and sets forth procedures for the prompt and fair investigation of complaints. The University’s EEO Officer serves as Title IX Coordinator and received extensive training in Title IX. In addition, members of the Student Conduct Board received specific training in conducting hearings in sexual assault cases. To ensure affirmative action and equal opportunity compliance, the OEEOP continued interview training for staff and faculty search committees regarding the purpose and process for structured interviewing. The OEEOP increased comprehensive EEO Compliance Course training for supervisors and other employees, addressing harassment, discrimination and retaliation as well as employee disability accommodation process and hiring.
Faculty
The full-time faculty distinguishes itself through excellence in teaching, scholarship/research, and service. The recruitment of faculty is typically a departmental responsibility. In addition to posting faculty positions on the BSU website, departments usually advertise in HigherEdJobs.com, Maryland Workforce Exchange, Department of Rehabilitative Services, Maryland Department of Veteran Affairs, the Chronicle of Higher Education and discipline specific sites. The Office of Equity and Compliance and the Office of Human Resources worked collaboratively to provide an EEO briefing to the Faculty Search Committees. Seventy percent of the fall 2015 full-time faculty were African-American.

Efforts to Create Positive Interactions and Awareness Among Students Faculty and Staff (Table 3)

The University goals of infusing international and diversity awareness in the curriculum and expanding co-curricular programs that promote diversity awareness are the two primary efforts BSU employs to create a welcoming campus climate. Bowie State University offers many courses and academic programs that support cultural diversity. These courses and programs were described in detail in Table 3. Course and program student learning outcomes are assessed on a schedule developed by the department. Student learning assessment findings are reported annually at the programmatic level.

In addition to curricular content, a number of departments support student associations whose missions are to create and promote a deeper understanding of cultural diversity. Table 3 provides a few examples of international awareness.

A number of units on campus offer programming to increase cultural awareness including the Center for Global Engagement, the Office of International Programs, the International Student Office, the Gender and Sexual Diversities Resource Center, the Counseling Services Center and Disabled Student Services office.

A number of programs in the Student Affairs Division are offered annually to promote cultural diversity. Recognized student organizations at Bowie State University reflect the diverse nature of our student body. These organizations include: cultural organizations, LGBTQ organizations, religious organizations, women’s organizations and men’s organizations. Additionally, a number of student-focused events are held on campus to promote cultural diversity.

Process for Reporting Campus-Based Hate Crimes (Table 4)

Bowie State's campus police investigate the potential criminal aspect of hate crimes. The Cleary Act report describes in detail campus police processes for hate crime and other related activities.

The Equity Compliance Office (EEO and Title IX) investigates potential internal policy violations. Further detail can be found at http://www.bowiestate.edu/about/admin-and-governance/adminfin/human-resources/equal-employment-opportunity/.

In conclusion, Bowie State University has committed institutional resources and employees to expand cultural diversity awareness. Students from diverse backgrounds attend BSU. The Affirmative Action Plan sets targets for employee diversity. The curricula in social services programs heighten student cultural awareness. Student Affairs staff offer new programming to meet changing campus community needs. The combination of these activities uphold Bowie State University as an institution that has a welcoming climate for diversity.
