

TOPIC: University of Maryland University College: Proposed Institutional Human Resources Policies

COMMITTEE: Finance

DATE OF COMMITTEE MEETING: January 26, 2017

SUMMARY: In 2015, the Board of Regents approved UMUC's request to "formally delegate to UMUC's President the authority to establish a new business model." As part of that approval, the Board formally delegated to UMUC's President the authority to develop and manage its own personnel and faculty policies, subject to the approval of the Board. Over many months, UMUC has reviewed the University System of Maryland's human resources policies and created its own comprehensive set of policies, in some cases retaining the language of the comparable USM policy, in other cases revising or adapting those policies.

These proposed policies are intended to replace University System of Maryland policies contained in "Section VII: Personnel/Human Resources" of the Board of Regents Policies and Procedures. They have been reviewed for substance by the USM Office of Human Resources, and for legal form and sufficiency by the Office of Attorney General.

Attached is a comprehensive spreadsheet summary of the proposed policies. It identifies each proposed UMUC policy name and number, cross-references it to the existing USM policy and existing UMUC policy number, provides UMUC's summary of any substantive changes, and provides comments by the USM Office of Human Resources.

The complete text of the fifty-three proposed policies, along with the current USM policies, can be found on the USM website at <https://www.usmd.edu/regents/bylaws/drafts/umuc-hr/>.
