

Report from the Council of University System Staff
Board of Regents Meeting Report
February 9, 2018

In January, the Council of University System Staff met at University of Maryland University College. The group was welcomed by President Javier Miyares who gave us a brief overview about the history of UMUC and described some of their recent ventures. A large portion of this meeting was spent discussing the upcoming advocacy day in Annapolis as well as SharePoint training for evaluating the Board of Regents Staff Award packets.

The executive committee has completed the staff shared governance survey and will be sending that out near the end of January. Below are additional committee updates. Many thanks to Mark Freeman, Sherrye Larkins, and Colette Beaulieu for all their hard work on this survey. We hope that the information gathered will give us a better understanding of how shared governance is utilized and perceived on campuses.
