Group 6

Interprofessional.....

Interprofessional education: “When students from two or more professions learn about, from and with each other to enable **effective collaboration** and **improve health outcomes**” (WHO, 2010)

Interprofessional collaborative practice: “When multiple health workers from different professional backgrounds work together with patients, families, carers [sic], and communities to deliver the highest quality of care” (WHO, 2010)

4 meetings across 2 academic semesters

Embedded assignments in discipline-specific coursework

Focus on development of knowledge, awareness, and skills to address health disparities

Virtual and In-person; synchronous and asynchronous teaching methods

Culminating Event: 4-hour workshop focused on interprofessional dialogue

IGTSJ @ TU: Evaluation & Research

Research Project

Scale of Ethnocultural Empathy (Wang, et al., 2003)

Format

Program Evaluation

Student Perspective

Jiana Winston, B.S.

Research Assistant

Speech Language Pathology Graduate Student

A group of four people are sitting in a circle in a modern office setting, engaged in a discussion. The scene is brightly lit with large windows in the background. The text "Work in Teams" is overlaid in the center of the image.

Work in Teams

A man in a blue shirt and glasses is writing on a whiteboard in a meeting room. A woman is in the foreground, and another person is partially visible on the left. The room has modern lighting and large windows.

Team Sharing

Thank You!
