# Department of Technology & Security Computer Technology Program

Dr. Jesse Bemley | Dr. Lethia Jackson | Dr. Velma Latson  
Professor Clarence Ray | Dr. Daryl Stone | Dr. Haydar Teymourlouei

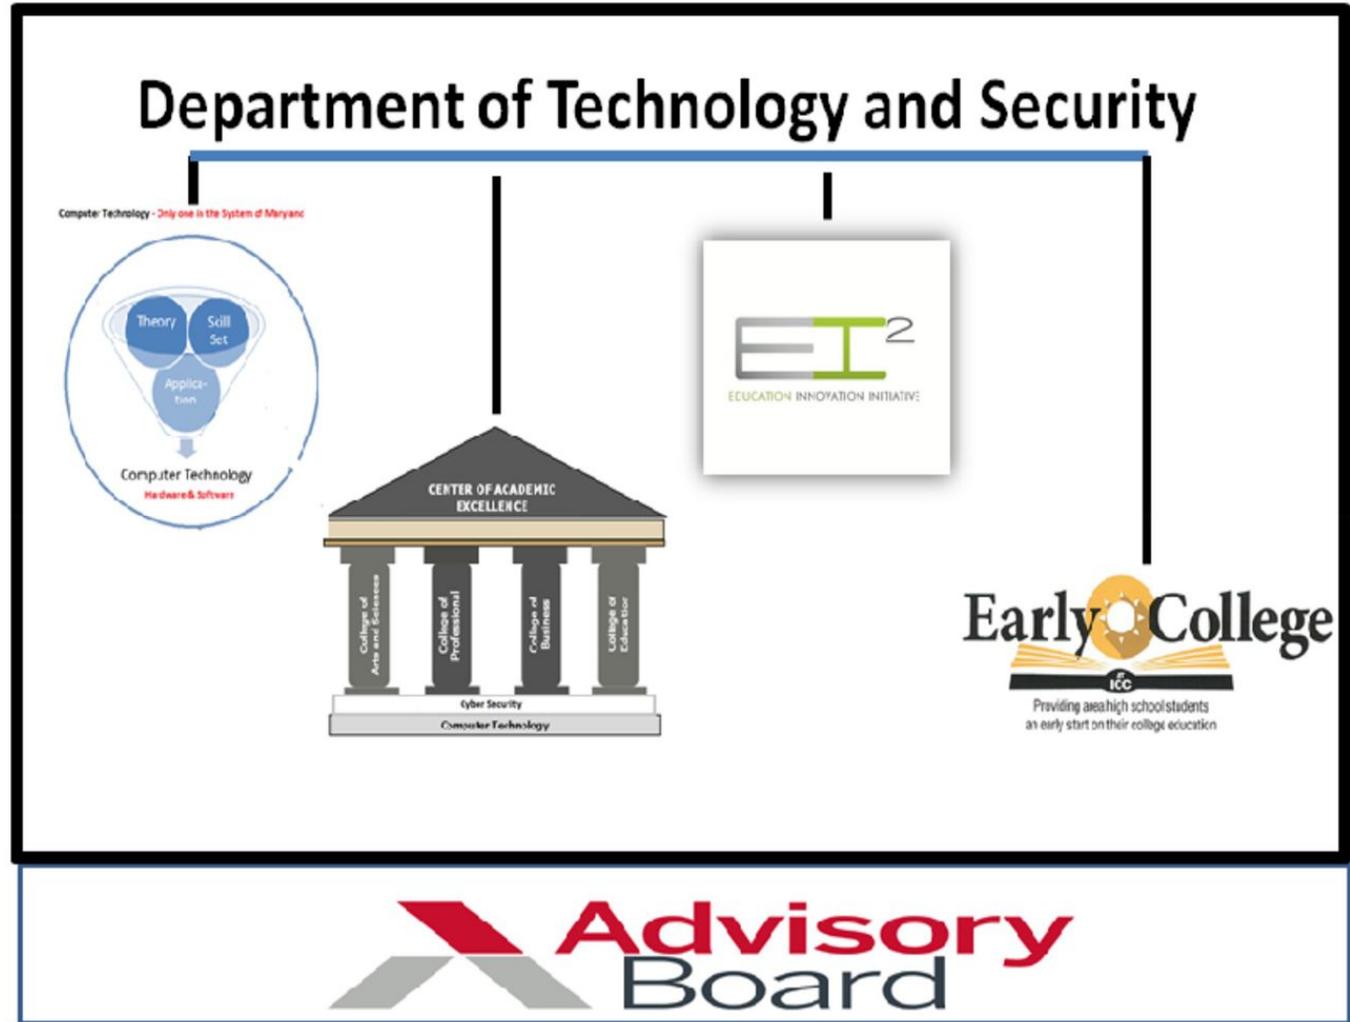

Accredited by the Accreditation Commission of Association Board for Engineering & Technology (ABET)

Accredited by the Center of Academic Excellence in Cyber Defense (CAE-CD) by NSA and DHS

# Advisory Board Partners

# What is Computer Technology?

## **Information Technology**

is telecommunications, trouble shooting problems with computers and creating as well as managing databases to ensure the security of business operations.

## **Information Systems**

is the study of integrated components that make up the information systems such as networks of hardware and software to support an organization's decision making and business objectives.

## **Computer Science**

is the study of computing, algorithms, mathematics, engineering, logic, artificial intelligence, software and hardware functionality, and development.

## **Engineering Technology**

is a practical application of engineering and science.

## **Computer Engineering**

is a scientific approach to build machines, computer Hardware and software and other items.

## **Computer Technology is...**

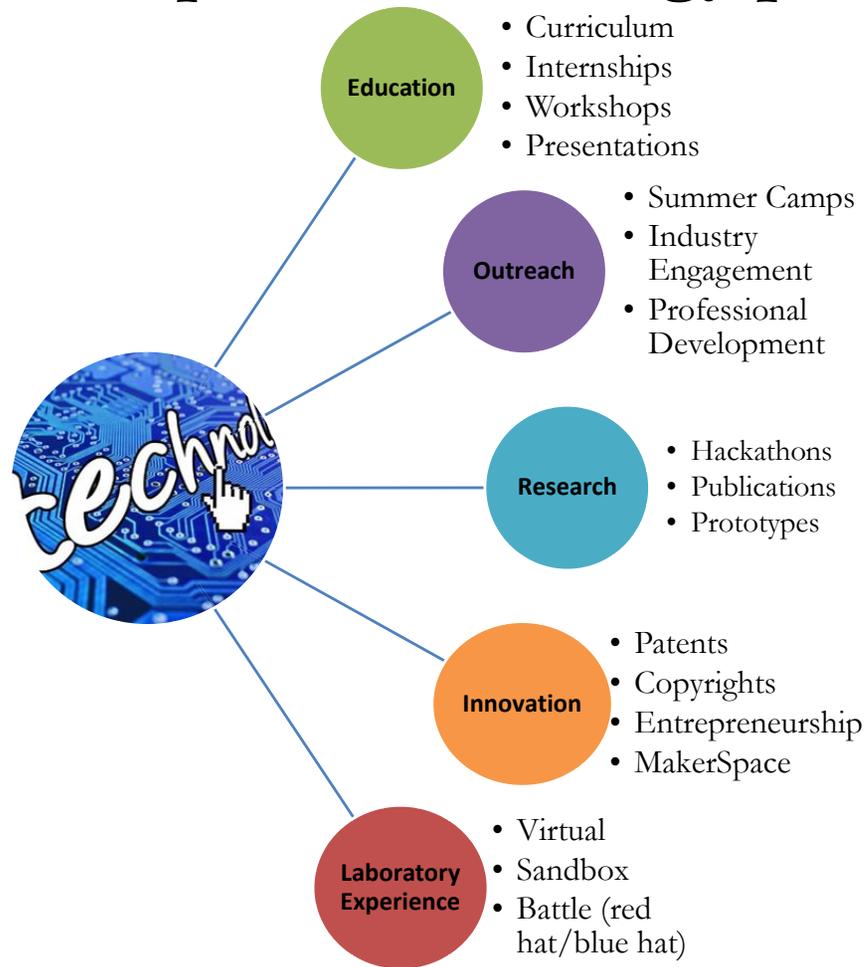

Innovation, Information Technology, Information Systems, Business, Engineering Technology, Computer Science and Computer Engineering. It includes programming, networking, analog and digital electronics, and robotics.

# Computer Technology Program's History

# What does Computer Technology program contain?

## Core Courses

- ⇒ Cybersecurity Courses
- ⇒ Programming
- ⇒ Data Science
- ⇒ Database
- ⇒ Client Operating Systems

❖ Software Developer

**Voted #1 Best Technology Job**

❖ IT Manager Solutions Architect

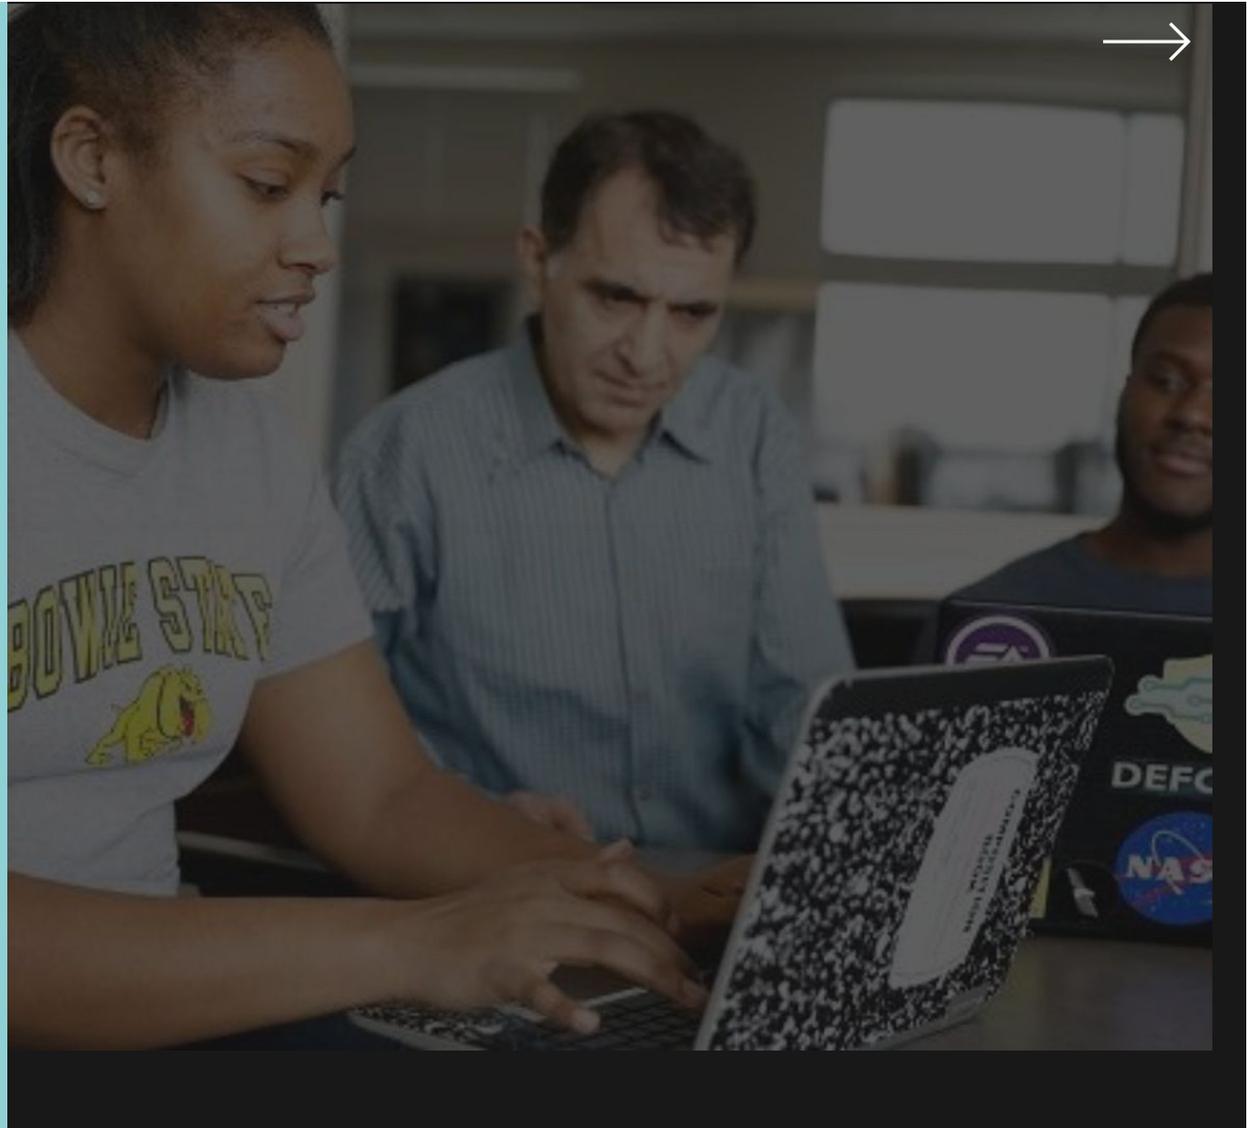

**Voted #2 Best Technology Job**

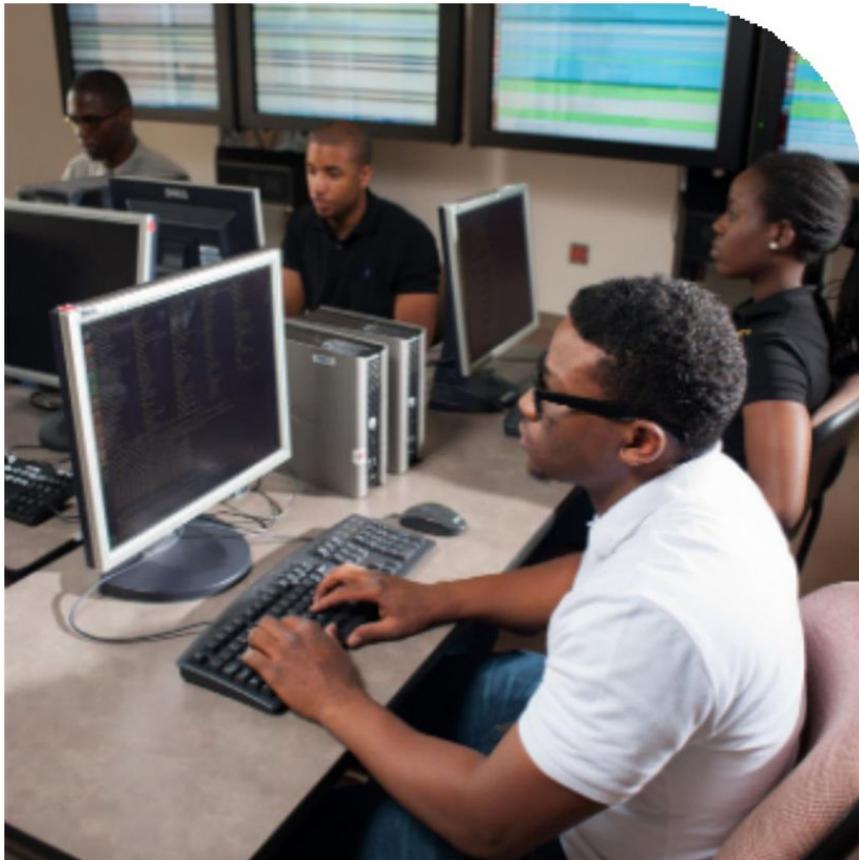

❖ Computer Network Architect

**Voted #7 Best Technology Job**

❖ Information Security Analyst

**Voted #5 Best Technology Job**

# Tracks

**Network Enterprise Infrastructure** - Students will develop knowledge and skills in cloud computing, data management and infrastructure management. Is the hardware and software resources of an entire network that enable network connectivity, communication, operations and management of an enterprise network.

**Data Science and Database Administration** - Students use technical skills to predict and describe trends to support decision-making. In addition, students will implement and design the architecture (logical and physical) structure of a Database Management System such as MySQL.

**Internet Technologies** - Students will learn how to configure sensors, wireless network connections, edge-computing platforms, explain the role of big data, cloud computing in an IoT system. Prepares students to design, program, and develop skills in edge technology. Students will gain experiences they can employ in creating prototypes and systems using the Internet of Things.

# Industry Engagement and Outreach

## Industry Driven Capstone Courses

Prototype innovation and implementation offered in (5) Capstone courses. Past Performance by MITRE, Prince George's County IT Department, AWS, SAIC, Maryland Center at Bowie, Stinger-Ghaffarian Technology, Honeywell, and Northrop Grumman.

## Industry Driven Research

Partnership with Department of Homeland Security, Morgridge Institute for Research, University of Wisconsin-Madison's Middleware Security & Testing Group, and National Center of Supercomputing Applications Cybersecurity at the University of Illinois at Urbana Champaign. Indiana University's Pervasive Technology Institute – *Software Assurance Marketplace (SWAMP)*.

## Summer Programs/ Internships/Co-Op

Department of Technology & Security offers six (6) workshops/summer programs: BATTLE, Girls Who Will, Boys CPU Camp, Baltimore Design and Think Summer Capstone, Bowie Innovation to Create, Patriots, and Code Red.

## Hackathons and MakerSpace

NVCC Innovation Hackathon

IBM Blue Hack

Black Enterprise Hackathon – BE Smart

HBCU Maker and Innovations Showcase

Bot-A-Thon – sponsored by HP and AWS

Governor Hogan Girls Hackathon

CAE Codebreaker Challenge

PGCIT dept. – Barracuda Challenge

Airport Cooperative Research Program Competition

# Key Numbers

2017 – 2018 Number of students enrolled 262 Number of students graduated 37 and received CAE-CD certification				2018 – 2019 Number of students enrolled 311 Number of students graduated 47 and received CAE-CD certification

# USM Economic Development

*Briefing for USM Economic Development and  
Technology Commercialization Committee*

February 4, 2021

## USM Economic Development *Agenda*

- **COVID-19 Task Force Activity**
- **Legislative Activity**
- **Venture Development Report**
- **Momentum Fund**

## USM COVID Research & Innovation Task Force

### *Ongoing and Forward Initiatives*

- **Public Health Communications Challenge**: Challenge prize competition aimed at encouraging Marylanders experiencing “COVID fatigue” to remain vigilant, maintain sound public health practices and good hygiene, and when available, to get vaccinated.  
Winners announced February 8<sup>th</sup>!
- **Research & Innovation, Acceleration**: As the pandemic continues, researchers continue to provide assistance. Support continues for COVID-related entrepreneurs.

## USM COVID Research & Innovation Task Force

### *Ongoing and Forward Initiatives*

- **Bioproduction and Vaccine Development Strategy:** Working with the Governor's Life Science Advisory Board (LSAB), MD Commerce and MD Tech Council on comprehensive strategy to develop MD's bio-manufacturing, vaccine development, medical supply chain and related workforce capacity; exploring federal funding and industry partnership opportunities.
- **Connected DMV Pandemic Center Response Initiative Partnership:** USM is lead academic partner in regional strategic planning and federal funding pursuit effort.
- **Long-Term Strategy Workshop:** Two-part workshop led by USM experts on solutions to current and future pandemic challenges.
  - Pandemic Predicting & Tracking
  - Business & Economics
  - Medicine & Life Sciences
  - Community Engagement

## USM Legislative Update

### *Direct USM Impact*

- **RISE Zones:** [TBA] Clarify intention - incent the location of start-ups based on tech transfer and commercialization at research-institutions.
- **TEDCO:** [SB0639](#) Inclusion Fund; [TBA] Enhanced MII support
- **Western MD/TEDCO:** [SB0709](#) Pilot tech infrastructure program
- **MTIP:** [HB0307](#) Lower GPA requirement; include non-profits
- **Clean Energy:** [HB0419](#) ([SB0460](#)) Adding funding for Maryland Energy Innovation Institute
- **SBDC:** [2020 veto override [SB0493](#)] Adding funding
- **E-Novation:** [2020 veto override [SB0465](#)] Extension, adjustments

## USM Legislative Update

### *Indirect USM Impact - Economic Development*

- **Department of Small Business, Entrepreneurship, and Innovation:** [HB0062](#)  
Establishes this new department, using parts of MD Commerce and MD Labor and all of the Governor's Office of Small, Minority, and Women Business Affairs.
- **Manufacturing:** [HB0443/SB0577](#) Makerspace bill incl. Western Maryland Works and Baltimore's OpenWorks. [SB0444/HB0658](#) Manufacturing in a Digital Economy
- **Investment Tax Credits:**
  - [SB0019](#) Biotech. Lowers % back to investor; limits how much any one company can benefit in a given year and over time.
  - [SB0160](#) Cyber. Expands to "innovation" across certain industries (except biotech), determined by the Maryland Economic Development Commission after consulting with DOL. Allows three years of participation, up from one. Extends until 2025.
  - [HB0360/SB0246](#). Angel tax credit.
- **Other Tax Credit Modifications:** [SB0196](#) R&D credit; [HB0278](#) job creation
- **SBIR:** [HB0654](#) incentive proposed; [SB0459](#) assistance bill modification

# Venture Development Report *July - December 2020*

**Total Ventures Supported** 112

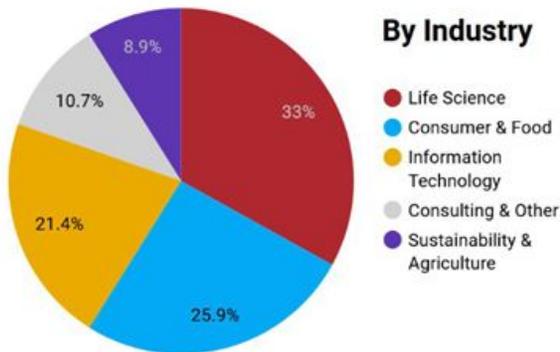

Ventures New to USM 77

USM Ventures Supported in a New Way 35

## Ventures **NEW** to USM

49 Have USM Founders (64)%  
 25 Based on USM Intellectual Property (18)%

*New! 88% Startups (vs small business)*

Technical.ly *Baltimore ReaLIST*

We're a news organization that helps you navigate your local economy >

**10** had a USM touchpoint (*at least*)  
across **4** institutions

Annual list of 20 most promising Baltimore tech companies:

- Look for indicators of **growth** such as funding, early client traction, office space and work to establish a repeatable model.
- Those that choose the **big idea**.
- Team **tenacity** and track record.

<https://technical.ly/baltimore/2021/01/25/reallist-startups-2021/>

## *Where Are They Now (EDTC Featured Startup Updates)*

[Mindstand Technologies](#), featured startup to the EDTC Committee in June of 2019, is led by UMBC students and is #7 in the Technical.ly Baltimore ReaLIST.

[Veralox](#), from September 2019, is a Momentum Fund portfolio company and recently achieved major milestones, submitting an IND application with the FDA and receiving orphan drug designation.

[BondTrue](#), from November 2019, has received a federal SBIR award and additional MIPS funding.

# Overview of Maryland Momentum Fund

MARYLAND MOMENTUM FUND

- **\$10MM University System of Maryland investment fund**
  - Established by USM Board of Regents June 2016. Investments started 2017.
  - Goal of generating at least \$15MM in co-investment from non-USM entities.
- **Investing in the most promising USM-affiliated technologies and people**

Helps promising early-stage companies bridge the early stage funding gap, getting them to a point where they can raise additional funding with VCs or be acquired.
- **Eligibility criteria**
  - Located in Maryland
  - In funding round, will have a co-investor(s) that will invest at least as much as MMF. MMF helps companies find co-investors.
  - Affiliated with one of the 12 USM institutions across the State of Maryland (any **one** of the below):
    - University-owned intellectual property
    - Founded by University faculty, staff, student, or alum
    - Located in a University-affiliated research park or incubator

## Why is this Fund Needed?

### **LACK OF RISK-TAKING INVESTORS**

Most investors have made money on real estate and manufacturing. A high percentage of employees in DMV are government employees (not entrepreneurs).

### **CAPITAL CHASM**

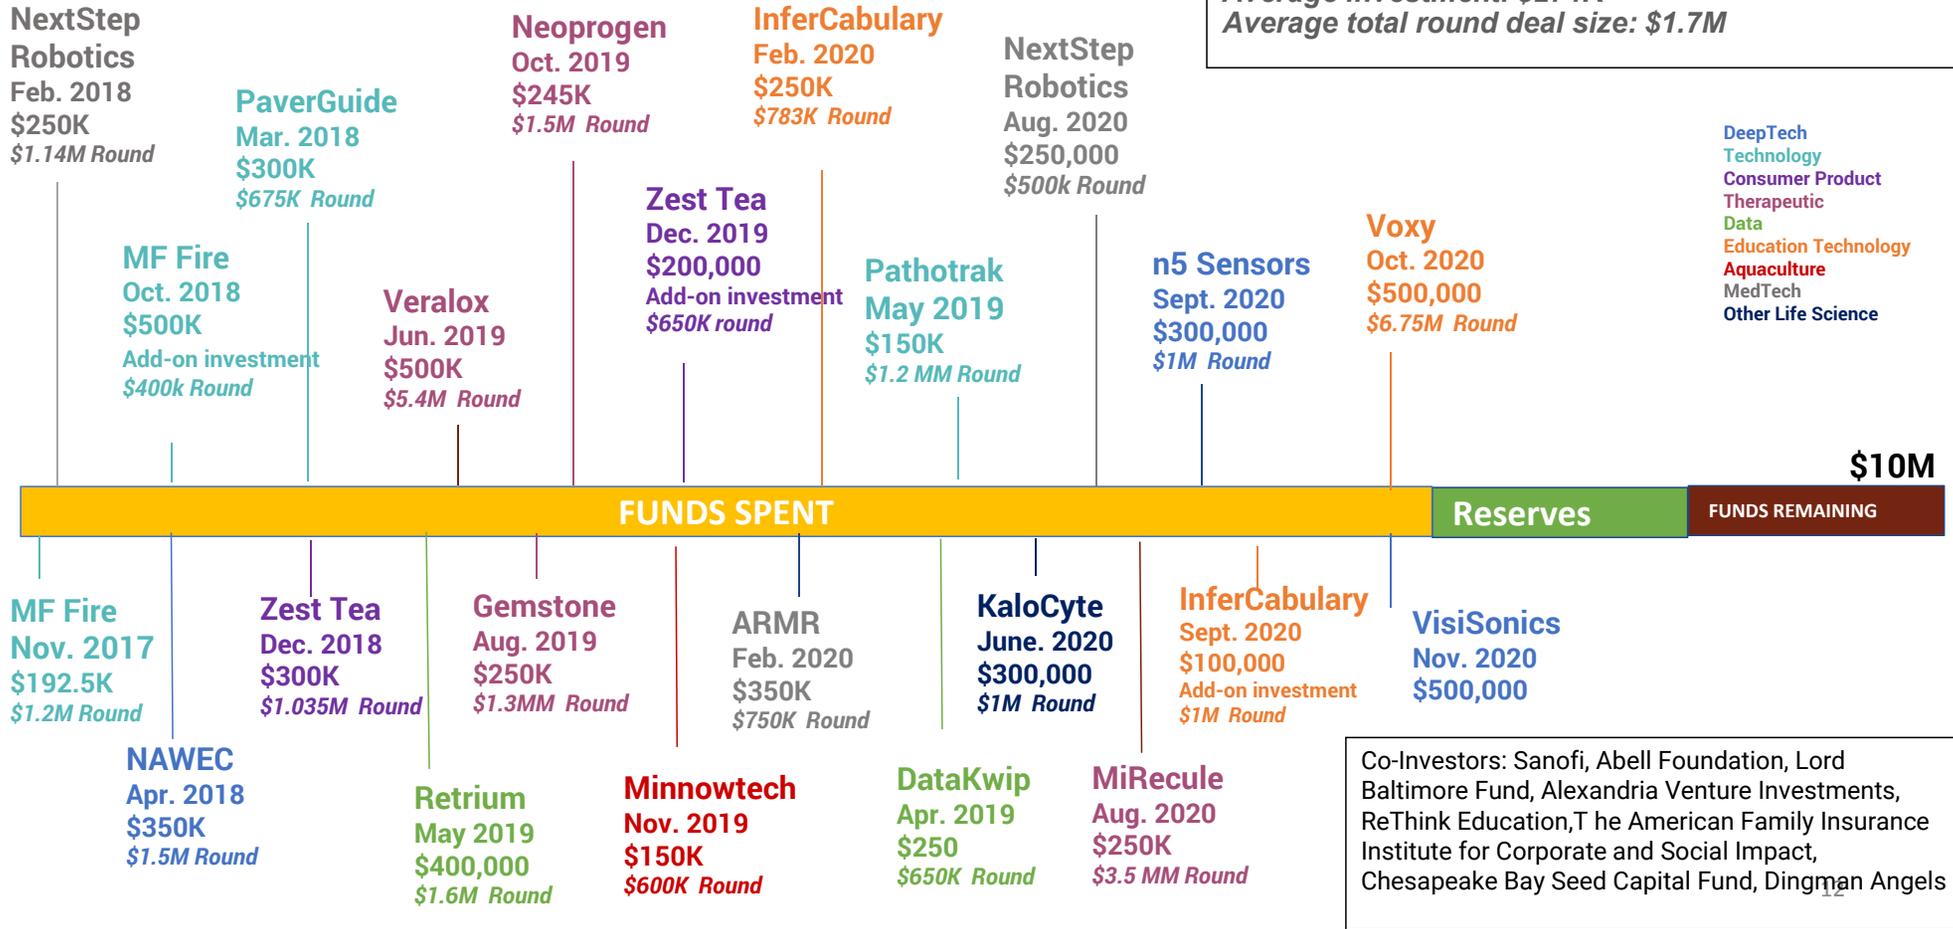

A variety of very early stage seed capital investors and/or grants. Significant downstream investors. Very little in the middle.

### **LACK OF MIDDLE-LEVEL/HIGH-LEVEL MANAGERS**

More opportunities with more companies in NYC/Silicon Valley/Boston means lots of people move. The Momentum Fund can foster a small stable of entrepreneurs with great experience providing support, advice, financing to early stage entrepreneurs.

*The Momentum Fund can help stimulate investment and teach early-stage entrepreneurs how to pitch, build business plans, and raise money.*

# Investments

# Portfolio Companies

**UMCP IP and Alum**  
Advanced wood burning stove

**UMB IP, Towson Alum**  
Exoskeleton robot to reverse foot drop for stroke victims.

**UMCP IP, Alum**  
Advanced pulse jet engine

**UMCP Alum**  
High caffeine tea, energy drink product

**UMCP IP**  
Advanced semipermeable pavement system

**UMCP Alum**  
Agile software development management product

**UMBC and UMCP Alums**  
Tissue regeneration via stem cells

**UMB IP and Alum**  
Anticoagulant drug, therapeutics for rare blood disorders

**UMB IP and Faculty**  
Cell-based therapy for cardiovascular disease

**UMCES Alum**  
Sonar to measure shrimp biomass

**UM BioPark Tenant**  
Next-gen tourniquet

**Towson Alum, TU Incubator startup**  
Ed-tech vocabulary app

**UMCP Alum**  
Software platform to manage energy across buildings

**UMCP IP and Faculty**  
Food safety testing technology

**UMB/UMBC Faculty, UM BioPark Affiliate**  
Dried artificial red blood cell

**UMCP Alum**  
RNA Therapeutics

**UMCP IP and Faculty**  
Semiconductor sensor technology

**UMCP IP and Faculty**  
Spatial and personalized audio solutions

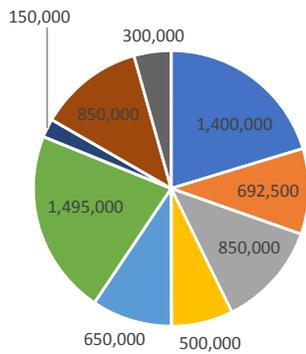

**UMCP Alum and Faculty**  
Language upskilling platform
