## Information & Discussion – USM FYE 6/30/2023 Audited Financial Statements

#### **BOARD OF REGENTS**

SUMMARY OF ITEM FOR ACTION, INFORMATION OR DISCUSSION

**TOPIC**: Information – USM Financial Statements and materials for the year ended June 30, 2023

**COMMITTEE**: Audit Committee

DATE OF COMMITTEE MEETING: January 29, 2024

**SUMMARY**: This item is a brief review of the audited University System of Maryland basic financial statements for the year ended June 30, 2023, for which CliftonLarsonAllen LLP (CLA)—the USM's independent auditors—provided an unmodified opinion.

A set of key points to be taken from the System's financial statements appears on the first page of the attached materials. The statement of net position (balance sheet), along with the statement of revenues, expenses, and changes in net position follows on pages two and three.

The "Financial Snapshot" on page four summarizes the System's key financial health ratio used by rating agencies—available resources to debt outstanding—using the figures reflected in the financial statements, to provide a comparison between June 30, 2023 and 2022. The lower part of the Financial Snapshot displays adjustments to the publicly reported balances for Board-approved claims and authorizations not yet expended or reflected in the financial statements to arrive at a "true" financial health ratio for internal management and decision-making purposes.

A discussion, aided by a set of presentation slides, about the System's approach to financial planning will be used to complement the review of the audited financial statements.

NOTE: The University System of Maryland Financial Statements and Supplemental Schedules for FY 2023 can be viewed online at http://www.usmd.edu/usm/adminfinance/finafair/fsssch.html.

# 2.1.2 - FY23 Key Points January 29 2024 Audit Committee Meeting

#### University System of Maryland Review of Financial Statements Year Ended June 30, 2023

#### Key points associated with FY 2023 financial statements and materials:

#### 1. Annual Financial Statement Report

The USM Annual Financial Statements for the year ended June 30, 2023, reports an increase of unrestricted net position of \$268M compared to an increase of \$98M reported as of June 30, 2022.

During FY20 and FY21, the Institutions were awarded \$574M in Higher Education Emergency Relief Funds to assist the institutions and students through the pandemic. Through June 30, 2023, the institutions had expended \$553M of these funds. BSU and UMES have unspent HEERF Funds as of June 30, 2023. They have until June 2024 to expend the remaining funds.

The financials statements reflect the implementation of GASB 96, *Subscription-Based Information Technology Arrangements*. Included in the financials statements is \$43M in Subscription-based obligations.

The June 30, 2023, financial statements include the addition of three new component units. The three legally separate entities are University of Maryland Pediatrics, PA, University of Maryland Orthopaedics, PA, and University of Maryland Faculty Physicians, Inc. Each of these component units are associated with the University of Maryland, Baltimore School of Medicine.

The financial statements for the University of Maryland Global Campus (pages 85-87) reflect both the financial activities and balances of the University, but also include the activities and balances of UMGC Ventures, which is combined with the institutions' financial information in the 'Institution' column. This presentation, referred to as 'blending,' reflects the integral relationship and importance of UMGC Ventures to UMGC's operations. (The presentation of the other component units is described as a 'discrete' presentation, meaning that the financial information of the affiliated entities reported as component units are shown on separate financial displays distinct from the USM or its institutions (pages 13 and 15).

#### 2. Financial Snapshot:

The 'Financial Snapshot' is used to present the financial health of the System, using the key ratio used by the rating agencies. This ratio, which measures Balance Sheet strength, of 'available resources' (defined as USM unrestricted net position + unfunded pension amounts + accrued leave liability + affiliated foundation unrestricted net assets) to debt outstanding, including lease obligations, is 252% at June 30, 2023, compared to 203% at June 30, 2022.

Adjusting for Board-approved commitments and authorizations to spend or borrow not yet reflected in the financial statements, resulted in an increase in overall 'true' financial standing, from 149% in FY22 to 186% in FY23. This 'adjusted' financial strength ratio is the basis of evaluation as described in the current Board of Regents Policy on Debt

Management (VIII-12.00), with the policy requiring that new authorizations and commitments be controlled in such a manner that the ratio of available resources to debt outstanding not fall below a 90% ratio.

Including the impact of the System's P3 Obligations, the ratio of available resources outstanding is 120% at June 30, 2023, compared to 103% at June 30, 2022.

# 2.1.3 Financial Statements for the Year's Ended June 30, 2022 and 2023

## 2.1.4 - Financial Snapshot June 30. 2023

#### University System of Maryland Financial Snapshot June 30, 2023 and 2022

	June 30, 2023		June 30, 2022	
From the June 30, 2023 and 2022 audited financial statements				
USM unrestricted net position	\$	1,553,647,706	\$	1,285,983,924
Net pension liability		1,107,531,953		1,143,525,790
USM accrued leave		320,901,191		311,866,310
Affiliated foundations unrestricted net assets		373,772,602		204,924,458
Available funds	\$	3,355,853,452	\$	2,946,300,482
Debt outstanding	\$	1,329,859,339	\$	1,452,923,957
Ratio of available resources to debt outstanding per financial statements		252%		203%
Claims against the June 30 available resources not reflected in financial statements:  Available funds per financial statements  Cash-funded capital projects not fully spent at June 30,  Future years cash-funded capital projects committed but not yet authorized  Noncapital cash-funded projects not yet authorized	\$	3,355,853,452 (216,854,321) (194,893,849) (68,486,443)	\$	2,946,300,482 (186,852,870) (255,578,000) (68,486,443)
Adjusted available funds	\$	2,875,618,839	\$	2,435,383,169
Debt outstanding per financial statements Revenue bond-funded projects authorized but debt not yet issued	\$	1,329,859,339 214,849,316	\$	1,452,923,957 184,888,969
Adjusted total debt outstanding	\$	1,544,708,655	\$	1,637,812,926
Ratio of available resources to debt outstanding, adjusted		186%		149%
Ratio of available resources to debt outstanding including P3 Obligations		120%		103%

For FY2023, P3 projects include existed Deferred Service Concession Arrangements as reported in the Financial Statements totaling \$246.8M plus pending P3 projects estimated at \$609M. In FY2022, these included \$266.7M in existing projects, plus pending P3 projects estimated at \$450M.

While rating agencies base their assessments based on financial statement balances, the System manages the ratio of available funds to debt outstanding to not fall below 1:1 ratio to ensure that financial health does not fall below medians for Aa1 rating category.

#### INDEPENDENT AUDITORS' REPORT

Board of Regents University System of Maryland Adelphi, Maryland

#### Report on the Audit of the Financial Statements

#### **Opinions**

We have audited the accompanying financial statements of the business-type activities and the aggregate discretely presented component units of the University System of Maryland (the System), a component unit of the State of Maryland, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the System's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component units of the System as of June 30, 2023, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the University System of Maryland Foundation, Inc., the University of Maryland College Park Foundation, Inc., the University of Maryland Baltimore Foundation, Inc., University of Maryland Faculty Physicians, Inc., Bowie State University Foundation, Inc., Towson University Foundation, Inc., Frostburg State University Foundation, Inc., Coppin State University Development Foundation, Inc., University of Baltimore Foundation, Inc. and University Properties, Inc., Salisbury University Foundation, Inc., University of Maryland Orthopaedic Associates, P.A., University of Maryland Pediatric Associates, P.A., and UMGC Ventures, Inc. and Subsidiaries (component units), which represent 0.4%, 0.6%, and 0.6%, respectively, of the assets, net position, and revenues of the System's business-type activities and 100% of the net assets, net assets, and revenues of the aggregate discretely presented component units as of June 30, 2023. Those statements were audited by other auditors whose reports have been furnished to us, and our opinions, insofar as it relates to the amounts included for the component units, are based solely on the reports of the other auditors.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the System and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions. The financial statements of 100% of the discretely presented component units were not audited in accordance with *Government Auditing Standards*.

#### Emphasis of Matter

As discussed in Note 2 to the financial statements, the System restated its beginning net assets for discretely presented component units to reflect the correction of an error for previously excluded component units. In addition, beginning net assets for discretely presented component units were restated to reflect a change in accounting standard, Accounting Standards Codification 946 – *Financial Services-Investment Companies*. Our opinions are not modified with respect to these matters.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the System's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due
  to fraud or error, and design and perform audit procedures responsive to those risks. Such
  procedures include examining, on a test basis, evidence regarding the amounts and disclosures
  in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing an
  opinion on the effectiveness of the System's internal control. Accordingly, no such opinion is
  expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

 Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the System's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the various schedules of Proportionate Share of Net Pension Liability, Contributions to the Teachers Pension System and the Employees Retirement System, and Contributions for Other Postemployment Benefits, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the System's basic financial statements. The Statement of Net Position, Statement of Revenues, Expenses and Changes in Net Position, and Statement of Cash Flows for University of Maryland, Baltimore, University of Maryland, College Park, Bowie State University, Towson University, University of Maryland Eastern Shore, Frostburg State University, Coppin State University, University of Baltimore, Salisbury University, University of Maryland Global Campus, University of Maryland, Baltimore County, University of Maryland Center for Environmental Science, and the University of Maryland System Office; the Combining Statement of Financial Position, Nonmajor Component Units; and the Combining Statement of Activities, Nonmajor Component Units (the supplementary schedules) are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS by us and other auditors. In our opinion, the supplementary schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 22, 2023, on our consideration of the System's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the System's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering System's internal control over financial reporting and compliance.

### MANAGEMENT'S DISCUSSION AND ANALYSIS YEAR ENDED JUNE 30, 2023

Management of the University System of Maryland (the System) provides the readers of the System's financial statements with this narrative overview and analysis of the financial activities of the System for the years ended June 30, 2023 and 2022.

#### **Financial Highlights**

- Governmental Accounting Standards Board (GASB) Statement No. 96 Subscription-Based Information Technology Arrangements was implemented in fiscal year 2023.
- Unrestricted net position increased by \$267,663,782 for the year ended June 30, 2023, compared to a increase of \$98,120,870 for the year ended June 30, 2022.
- State appropriations for the System increased by 24.1% for the year ended June 30, 2023.
- Tuition and fees, after deducting scholarship allowances, increased by \$10,119,546 or 0.7% for the year ended June 30, 2023. During the year ended June 30, 2022, net tuition and fees, increased by \$781,420 or 0.1%.
- For the year ended June 30, 2023, investment income on Endowment assets was \$26,044,676, representing an investment return of 6%. Investment income on Endowment assets amounted to \$9,134,761, an investment return of 2%, for the year ended June 30, 2022.
- Three laws were signed into effect during the years ended June 30, 2020 and 2021, which provide financial support to individuals, governments and businesses experiencing financial hardship associated with the coronavirus pandemic:
  - On December 27, 2020, The Coronavirus Response and Relief Supplemental Appropriation Act, 2021 (CRRSAA) was signed into law. The American Rescue Plan (ARP) was signed into law on March 11, 2021. Each of these laws provided funding for the Higher Education Emergency Relief Fund(HEERF).
  - These acts, along with the Coronavirus Aid, Relief, and Economic Security Act (CARES act), provide for potential funding of \$574,194,991 to System institutions to be used for pandemic related student and institutional aid that may be accessed or used through fiscal year 2023.
  - The System recognized \$59,342,332 and \$269,784,264 of nonoperating grant revenues associated with amounts awarded directly, or through the state of Maryland, of COVID relief funding for the years ended June 30, 2023 and 2022, respectively.

#### **Overview of the Financial Statements**

The System's financial statements consist of three basic financial statements and the notes that provide information on the accounting alternatives used, financial statements for discretely presented component units, and explanatory information and detail on certain financial statement elements. The three basic financial statements are the Statement of Net Position, the Statement of Revenues, Expenses and Changes in Net Position, and the Statement of Cash Flows.

### MANAGEMENT'S DISCUSSION AND ANALYSIS YEAR ENDED JUNE 30, 2023

The *Statement of Net Position* presents information on the System's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position, all as of the end of the reporting period. Net position represents the difference between assets plus deferred outflows of resources, and liabilities plus deferred inflows of resources, and is detailed into classifications that help readers understand the constraints that the System must consider in making decisions on expending assets. Over time, changes in net position can help in understanding whether the financial condition of the System is improving or deteriorating.

The Statement of Revenues, Expenses and Changes in Net Position presents information on the changes in net position during the year. All changes in net position are reported as soon as the underlying event takes place, regardless of the timing of the related cash flows. Thus, revenues and expenses are recorded for some items that will result in cash flows in future fiscal years (for example tuition and fees owed by students, or vacation earned by employees but not used as of the date of the financial statements).

The *Statement of Cash Flows* presents information on sources and uses of cash during the year. This statement details the changes in cash and cash equivalents from the amounts reported at the end of the preceding year, to the amounts reported in the Statement of Net Position as of the end of the current year. Sources and uses are organized into operating activities, noncapital financing activities, capital and related financing activities, and investing activities.

The System's financial statements include all accounts and balances of the System (considered the primary government, in accounting terms), as well as 12 legally-separate and distinct entities for which the System is financially accountable, which are considered component units. Of the 12 component units, four are considered major component units due to their significance in terms of size.

The focus of this Management's Discussion and Analysis is on the System itself. Reference should be made to the separately audited financial statements of the component units for additional information.

#### **Financial Analysis**

As of June 30, 2023, the System's financial health remains strong, with assets and deferred outflows of resources exceeding liabilities and deferred inflows of resources by \$7,833,951,523, shown on the Statement of Net Position as total net position. This compares with total net position of \$7,213,296,179 as of June 30, 2022. As suggested earlier, when viewed over time, net position may be useful as an indicator of financial health.

For the year ended June 30, 2023, total net position increased by \$620,655,344. While net investment in capital assets increased by \$319,414,323, unrestricted net position increased by \$267,663,782 and restricted net position categories increased by \$33,577,239.

For the year ended June 30, 2022, total net position increased by \$220,798,346. Net investment in capital assets increased by \$116,350,595, unrestricted net position increased by \$98,120,870 and restricted net position categories increased by \$6,326,881.

## MANAGEMENT'S DISCUSSION AND ANALYSIS YEAR ENDED JUNE 30, 2023

The table below presents summary-level information of the System's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position as of June 30, 2023, and 2022.

	2023	2022
ASSETS AND DEFERRED OUTFLOWS OF RESOURCES Current and noncurrent assets Capital assets, net	\$ 4,291,346,169 7,603,663,404	\$ 4,063,143,207 7,326,736,884

## MANAGEMENT'S DISCUSSION AND ANALYSIS YEAR ENDED JUNE 30, 2023

The table below presents summary-level information on revenues, expenses, and other changes in the System's net position for the years ended June 30, 2023 and 2022.

	2023	2022
Operating revenues Operating expenses	\$ 4,134,278,781 6,262,627,295	\$ 3,867,836,723 5,927,553,375
Operating loss	(2,128,348,514)	(2,059,716,652)
State appropriations Other nonoperating revenues, net	1,953,912,133 477,613,770	1,574,884,395 482,111,352
Total nonoperating revenues	2,431,525,903	2,056,995,747
Income (loss) before other revenues	303,177,389	(2,720,905)
Other revenues	317,477,955	223,519,251
Increase in net position Net position, beginning of year	620,655,344 7,213,296,179	220,798,346 6,992,497,833
Net position, end of year	\$ 7,833,951,523	\$ 7,213,296,179

The System's operating revenues arise from activities associated with its core mission: education, research, and public service.

For the years ended June 30, 2023 and 2022, operating revenues, which under the definitions used by GASB, excludes state appropriations, are detailed below:

	2023	2023		2023 2022			
	\$	%	\$	%			
Tuition and fees, net	\$ 1,374,194,139						
Contracts and grants	1,549,322,303		1,382,669,832	35.7

Total	\$ 4,134,278,781	100.0 % \$	3,867,836,723	100.0 %			

### MANAGEMENT'S DISCUSSION AND ANALYSIS YEAR ENDED JUNE 30, 2023

For the years ended June 30, 2023 and 2022, operating expenses are detailed below:

	2023		2022	
	\$	%	\$	%
Instruction	\$ 1,600,428,234	25.4 % \$	1,469,203,096	24.8 %
Research	1,243,956,697	19.9	1,117,448,187	18.9
Public service	573,243,117	9.2	571,068,805	9.6
Academic support	558,525,052	8.9	535,209,518	9.0
Student services	358,122,854	5.7	329,216,282	5.6
Institutional support	617,157,870	9.9	618,297,026	10.4
Operation and maintenance of plant	468,746,425	7.5	411,381,014	6.9
Scholarships and fellowships	137,101,779	2.2	225,089,117	3.8
Auxiliary enterprises	705,345,267	11.3	650,640,330	11.0
Total	\$ 6,262,627,295	100.0 % \$	5,927,553,375	100.0 %

Operating expenses are detailed by (1) employee costs, (2) payments to suppliers, contractors and other, and (3) depreciation expense in the notes to the financial statements, in order to provide an alternative presentation of operating expenses.

For the years ended June 30, 2023 and 2022, increases in total employee payments of \$295,726,860 and \$132,838,588, respectively, represent the largest component of the overall increase in operating expenses over the prior year. For 2023 and 2022, the largest increases associated with employee payments were for instruction and research, respectively.

#### **Capital Asset and Debt Administration**

The System continually makes investments in facilities necessary to achieve long-term objectives resulting from:

- State-wide public policy goals,
- System-wide strategic planning,
- institutional facilities master planning,
- projected enrollment growth,
- projected research space needs, and
- maintenance and renewal needs for existing facilities.

Funding sources for additions to capital facilities and equipment for the last two fiscal years ended June 30, were:

	2023	2022
State of Maryland debt proceeds System debt proceeds	\$305,138,195	\$179,148,592 142,907,335
System cash balances and donations	459,755,597	242,640,032
Total	\$764,893,792	\$564,695,959

2022

2022

## MANAGEMENT'S DISCUSSION AND ANALYSIS YEAR ENDED JUNE 30, 2023

Over the past two fiscal years ended June 30, major projects completed or placed in service are as follows:

Project	Institution	Cost
Year ended June 30, 2023 School of Pharmacy & Health Professions College of Business	University of Maryland Eastern Shore Coppin State University	\$104,739,000 45,833,000
Year ended June 30, 2022 Living and Learning Community Center for Well Being	Bowie State University University of Maryland Baltimore County	\$ 52,792,942 17,034,250

The System periodically issues Revenue Bonds to fund the construction, acquisition, and renewal and replacement of facilities, or refinance previously issued Revenue Bonds to realize lower current interest rates. The System did not issue Revenue Bonds during the year ended June 30, 2023. During the year ended June 30, 2022, the System issued the following Revenue Bonds:

Debt issuance	Date of issue	Purpose	Total Par Value Issued	F	Present Value of Future Debt Service Savings
2022 Series A	2/24/2022	Financing construction and facilities renewal	\$102,895,000		
2022 Series B	2/24/2022	Refinancing (Taxable)	23,525,000	\$	550,273

The System continually pursues opportunities to reduce its overall effective cost of capital financing, and as conditions in the financial markets allow, refinances previously issued debt with new debt at lower interest costs.

### MANAGEMENT'S DISCUSSION AND ANALYSIS YEAR ENDED JUNE 30, 2023

#### **Economic Factors and Next Year's Budget and Rates**

Enrollment demand, availability of funding for contracts and grants, and State of Maryland support, through both operating and capital appropriations, are the three most significant drivers of the System's resource base.

Across all student categories, enrollment is expected to continue to increase over the next ten years, with approximately 8.9% more fulltime equivalent students anticipated by the fall 2032. While preliminary fall 2023 enrollment indicates a increase in fulltime equivalent enrollment of approximately 0.02%, the longterm projection remains a picture of continued but slower growth.

The University of Maryland, College Park, the University of Maryland, Baltimore, and the University of Maryland, Baltimore County each have considerable numbers of faculty that pursue research grants and other sponsored funding arrangements. Indirect cost recoveries associated with contracts and grants are an important funding source for institution's administrative costs. The Federal Budget Control Act places limits on Federal government spending commonly referred to as sequestration. These limits have constrained Federal spending on research activities, will reduce indirect cost recoveries generally, and will continue, unless Congress and the President agree upon and enact legislation that relieves the constraints on governmental spending currently in place.

As a region with a significant Federal government employee population, the potential for significant reductions in Federal spending in all likelihood would have serious implications for State tax revenues, both from income as well as sales taxes. The State government closely monitors revenue receipts and revises projections on a quarterly basis. As an economic engine for the entire state and region, System officials point out the impact that proposed reductions of State funding provided to higher education would have on statewide economic activity and workforce development.

Personnel costs account for more than two-thirds of the System's noncapital spending. Healthcare costs and the adoption of a statewide funding strategy for providing for retiree's healthcare costs are expected to be significant considerations for the System's future spending levels.

On June 30, 2023, the Supreme Court ruled against President Biden's student loan forgiveness program. The uncertainty around potential debt relief measures could influence students' decisions on attending or continuting their education, as a result lead to potential decrease in enrollment resulting in a decline in truition revenue. The rulling puts pressure on the System to find alternative avenues for student debt relief, which could result in changes to federal funding and financial aid policies.

#### **Requests for Information**

This financial report is intended to provide a general overview of the System's finances. Questions concerning any of the information provided in this report, or requests for additional information should be addressed to the Office of the Vice Chancellor for Administration and Finance, 3300 Metzerott Road, Adelphi, MD 20783.

#### 1. ORGANIZATION AND PURPOSE

The University System of Maryland (the System) is a component unit of the State of Maryland (the State) and is governed by its Board of Regents (the Board).

The System comprises eleven degree-granting institutions, one research entity and an administrative unit. Its degree-granting institutions provide a full range of undergraduate, graduate, professional and continuing education opportunities for students. Its research entity conducts basic and applied research, and transfers new technology to constituencies. The administrative unit includes the System Chancellor and staff who support the Board.

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies followed by the System are summarized below.

#### **Reporting Entity**

The financial statements of the System include all funds and organizations included in the legal entity encompassed by the System, and other legally separate entities for which the System is financially accountable or which otherwise meet the criteria established by the Governmental Accounting Standards Board (GASB). Amounts held in System accounts on behalf of separately organized entities are included as assets, with a corresponding liability.

The System has recognized, as affiliated foundations, nine organizations created and operated in support of the interests of the System or any of the institutions that comprise the System. Each of these affiliated foundations are considered to (1) receive or hold economic resources that are to be used for the benefit of the System or its institutions, (2) receive or hold economic resources which the System or its institutions are entitled to or otherwise have the ability to access, and (3) are significant to the financial statements of the System or the institutions with which the foundation is affiliated. As a result, each of the nine affiliated foundations meet the criteria for inclusion in the financial reporting entity, and thus each of the affiliated foundations are shown in a discrete presentation.

The University System of Maryland Foundation, Inc. (the USMF), the University of Maryland College Park Foundation, Inc., and the University of Maryland Baltimore Foundation, Inc. are considered major component units due to the significance of the financial statement amounts to the System and its financial statements.

#### NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

The following affiliated foundations are considered nonmajor component units:

Bowie State University Foundation, Inc.
Towson University Foundation, Inc.
Frostburg State University Foundation, Inc.
Coppin State University Development Foundation, Inc.
University of Baltimore Foundation, Inc. and University Properties, Inc.
Salisbury University Foundation, Inc.

During the year ended June 30, 2023, affiliated foundations distributed approximately \$117,376,344 to the System and its institutions for both restricted and unrestricted purposes.

Three legally separate entities (practice plans) that operate under the Medical Service Plan (MSP) of the University of Maryland Medical School (School of Medicine) are also recognized as discretely presented component units of the System due to the System's ability to appoint the majority of the governing boards of these organizations, the System's ability to impose its will on these organizations, and the significance of these organizations' financial statement amounts to the System and its financial statements. Two of the organizations, University of Maryland Pediatric Associates, P.A. (Pediatrics) and University of Maryland Orthopaedic Associates, P.A. (Orthopaedics) are professional associations organized under the Professional Service Corporation Act to engage in the practice of medicine under the MSP of the School of Medicine. The MSP sets forth accounting and operational guidlines for all professional association members. One of the organizations, University of Maryland Faculty Physicians, Inc. (FPI) is the umbrella corporation deignated by the MSP to provide oversight and support to the professional association members. Based upon the significance of their respective financial statement amounts to the System and its financial statements, FPI is considered a major component unit of the System and Pediatrics and Orthopaedics are considered nonmajor component units.

Under the MSP of the School of Medicine, medical services are rendered by members of the faculty in connection with their duties to provide clinical instruction for medical students and post-graduate students and to deliver healthcare to the general public and, without charge, to the indigent on behalf of the School of Medicine. The MSP also establishes the Medical Service Plan Trust Fund, the Medical School Enrichment Fund, and the Department Development Funds, which are administered by FPI. During the year ended June 30, 2023, practice plans distributed approximately \$25,556,419 to the School of Medicine for unrestricted purposes.

Each of the System's affiliated foundations and practice plans are nongovernmental entities that prepare financial statements using the accounting standards promulgated by the Financial Accounting Standards Board (FASB). As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to their financial information in the System's financial reporting entity for these differences.

Complete financial statements of the affiliated foundations and practice plans may be requested from the System's Office of the Comptroller at 3300 Metzerott Road, Adelphi, MD 20783.

The System has also recognized as a blended component unit a not-for-profit organization created by the University of Maryland Global Campus (UMGC). The entity, named UMGC Ventures, Inc., is organized to support UMGC and other higher education institutions through provision of support and administrative services.

#### NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

#### **Measurement Focus and Basis of Accounting**

The System is a special-purpose governmental entity engaged only in business-type activities. Accordingly, the System's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenue is recognized when earned, and expenses are recorded when an obligation has been incurred. All significant transactions among departments, campuses, and auxiliary units of the System have been eliminated.

#### **Operating and Nonoperating Revenues and Expenses**

Operating revenues and expenses are generally associated with those activities that relate directly to the core activities of instruction, research and public service that form the essence of the System's mission. Nonoperating revenues, expenses, gains and losses represent amounts that recur regularly but are not included in operating revenues and expenses. Accounting principles generally accepted in the United State of America define State appropriations as nonoperating revenue.

#### **Cash and Cash Equivalents**

Cash and cash equivalents include demand deposits with financial institutions, as well as highly liquid investments that are both readily convertible to known amounts of cash and are so near to their maturity that they present an insignificant risk of changes in value because of changes in interest rates. Only investments with an original maturity of three months or less satisfy the criteria for cash equivalents.

#### Investments

Investments are valued at fair value.

#### **Inventories**

Inventories are valued at cost, determined under the first-in, first-out method, which is not in excess of net realizable value.

#### **Capital Assets**

Property, plant, equipment, and books and materials which are part of a catalogued library, are stated principally at cost at the date of acquisition, or estimated acquisition value at the date of donation in the case of gifts. Personal property with an original cost of more than \$5,000 and outlays for real property in excess of \$250,000 are considered capital assets.

Generally, the cost of all capital assets other than land, certain inexhaustible improvements to land, and collections of works of art are assigned to expense over a set of useful lives specific to the type of asset, using a straight-line method of depreciation. The range of useful lives used for the major categories of capital assets is:

Infrastructure and land improvements 20 - 25 years Buildings and improvements 20 - 40 years Contents 3 - 15 years

Depreciation expense is assigned to operating expense based on the nature and use of the capital asset.

#### NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

Intangible right-to-use assets recognized under leases and Subscription-Based Information Technology Arrangements are initially recognized at the present value of future cash flows and amortized over the shorter of the lease or subscription term, or te useful life of the underlying asset.

#### **Deferred Outflows/Inflows of Resources**

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expense) until then.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time.

#### **Accrued Vacation Costs**

Annual leave, including employer-related costs, for employees is accrued and recognized as an operating expense at rates based upon length of service and job classification and compensatory time based upon job classification and hours worked.

#### **Unearned Revenues**

Unearned revenue primarily includes amounts received from grants and contracts that have not been earned under the terms of the agreement and other revenue billed in advance of the event, such as student tuition and fees for housing and dining services.

#### **Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teacher's Pension System (TPS) and the Employee Retirement System (ERS) and additions to/deductions from TPS and ERS' fiduciary net position have been determined on the same basis as they are reported by TPS and ERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit plan terms and provisions. Investments are reported at fair value.

# **Net Position**

The System's resources are required to be classified and reported in the Statement of Net Position in the following categories: (a) Net investment in capital assets: capital assets net of accumulated depreciation and related outstanding debt balances attributable to the acquisition, construction, or improvement of those assets; (b) Restricted nonexpendable: net position restricted by externally imposed stipulations, not available for expenditure; (c) Restricted expendable: net position subject to externally imposed restrictions that can be fulfilled by actions of the System pursuant to those stipulations or that expire by the passage of time, and (d) Unrestricted: net position not subject to externally imposed stipulations but may be designated for specific purposes by action of management or the Board. When an expense is incurred that can be paid using either restricted or unrestricted resources, the System's policy is to first apply the expense toward restricted resources and then toward unrestricted resources.

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

#### **Scholarship Allowances**

The System recognizes scholarship allowances as the difference between the stated rates for tuition and fees and auxiliary services and the amount that is paid by the student and third parties on behalf of the student. Stipends and other payments made directly to students are reported as scholarship and fellowship expense.

#### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Although management believes the estimates and assumptions are reasonable, they are based upon information available at the time the estimate or judgment is made and actual amounts could differ from those estimates.

# **Adoption of New Accouting Standards**

In May 2020, the Governmental Accounting Standards Board (GASB) issued GASB Statement No. 96, Subscription-Based Information Technology Arrangements. This standard defines a subscription-based information technology arrangement (SBITA); establishes that a SBITA results in a right-to-use subscription asset (an intangible asset) and a corresponding subscription liability; provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and requires certain note disclosures regarding SBITAs. The System adopted the requirements of the guidance effective July 1, 2022, and applied the provisions of this standard to the beginning of the period of adoption.

In March 2020, the Governmental Accounting Standards Board (GASB) issued GASB Statement No. 94, *Public-private and Public-public Partnerships and Availability Payment Arrangements*. This standard defines Public-private, Public-public partnerships, and availability payment arrangements and provides uniform guidance on accounting and financial reporting for transactions that meet those definitions. The System adopted the requirements of the guidance effective July 1, 2022, with no financial statement impact as a result of the implementation.

# **Adjustments to Beginning Net Assets**

Beginning net asset balances for the period ended June 30, 2023 for the System's discretely presented component units were increased by \$123,594,270 for the correction of an error. During the period, System management identified three entities for which it is financially accountable that were not previously reported within its reporting entity as component units, in accordance with criteria established by GASB. These three entities, FPI, Pediatrics, and Orthopaedics were included in the System's reporting entity as discretely presented component units as of and for the period ended June 30, 2023. Were these entities included as component units for the period ended June 30, 2022, the total change in net assets for the System's discretely presented component units would have decreased by \$20,887,728 from \$43,748,772 to \$22,861,044 for that period.

Beginning net asset balances for the period ended June 30, 2023 for the System's discretely presented component units were increased by \$22,349,876 for a change in accounting principle. Effective July 1, 2022, the University of Maryland College Park Foundation, Inc. adopted Financial Accounting Standards

#### NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

Board Accounting Standards Codification 946, *Financial Services—Investment Companies*. The change in accounting principle resulted in an increase to investments in real estate which were stated at fair value beginning at this date.

Beginning net asset balances for the period ended June 30, 2023 for the System's discretely presented component units were decreased by \$10,443,975 for a change in reporting entity. During the period ended June 30, 2023, the System's management determined that the financial statements of the UMBC Research Park Corporation, Inc., formerly a nonmajor component unit, were not material to the System's financial statements as a whole. These balances were removed from the System's discretely presented component unit financial statements as of and for the period ended June 30, 2023.

The cumulative effect of these adjustments is as follows:

Total component unit net assets as of July 1, 2022	\$2,233,807,147
Cumulative effect of the error correction Cumulative effect of the change in accounting principle Cumulative effect of the change in reporting entity	123,594,270 22,349,876 (10,443,975)
Adjusted total component unit net assets as of July 1, 2022	\$2 595 682 693

#### 3. CASH AND INVESTMENTS

#### Cash and cash equivalents

As of June 30, unrestricted cash and cash equivalents consisted of the following:

	2023
Cash and short-term investments on deposit with the State Treasurer Demand and time deposits	\$3,204,770,051 65,848,445
Total	\$3,270,618,496

2022

The System does not have a formal policy addressing custodial credit risk.

As of June 30, 2023, the carrying amount of the System's demand and time deposits was \$65,848,445 and, as compared to bank balances of \$64,772,798. The difference is primarily due to items in-transit. Of the bank balances, \$33,286,227 was covered by Federal, private or foreign national government depository insurance, or was collateralized by a pledge of United States Treasury obligations held by the System's agents in the name of the System, and \$31,486,571 was uninsured and uncollateralized.

The Annotated Code of Maryland requires the System to maintain its cash balances on deposit with the State Treasurer, except for demand and time deposit accounts established to satisfy urgent cash requirements, assets associated with endowment funds or proceeds of System financing arrangements. The State Treasurer maintains State funds on a pooled basis in accordance with the Annotated Code of Maryland.

#### NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

The System has entered into agreements with trustees for the benefit and security of registered holders of certain debt obligations issued by the System. These agreements permit the System to invest amounts maintained in trust funds in:

- United States Treasury and agency obligations.
- Deposits, having a maturity of no more than 365 days, in any bank, savings institution or trust company to the extent such deposits are fully insured or collateralized.
- Commercial paper rated at least A-1 by Standard & Poor's Corporation (Standard & Poor's) and P-1 by Moody's Investors Service, Inc. (Moody's) having a maturity of no more than 270 days.
- Repurchase agreements.
- Obligations of any state or political subdivision rated by Standard & Poor's and Moody's in one
  of its two highest rating categories.
- Corporate obligations rated AAA by Standard & Poor's and Aaa by Moody's.

As of June 30, restricted cash and cash equivalents included:

	2023		
Money market accounts – endowment fund uninvested cash Money market accounts – unspent proceeds of debt	\$ 48,649 32,168,778		
Total	\$ 32,217,427		

Unspent proceeds and other restricted debt-related trust account balances and endowment fund uninvested cash balances are maintained in money market accounts rated AAA or equivalent by rating agencies.

# **Investments**

In July 2005, the System transferred the proceeds of endowment investments, approximately \$197 million in fair market value at the time of the transfer, to the USMF, in exchange for an equivalent proportionate interest in the long-term investment portfolio managed by the USMF.

The System has entered into an agreement with the USMF to manage investment of the System's endowment funds. The agreement is for a term of five years, with renewable two-year extensions at the option of the System, unless notice of intent to terminate the arrangement is provided within 180 days prior to the expiration of the term. In the event of termination of the arrangement, funds invested with individual investment managers that have commitments from the USMF, to maintain investments for certain minimum time periods may not be returned to the System until those constraints have been satisfied. The per annum fee to be paid to the USMF for investment management services is 0.46% of the value of the managed funds as of December 31 of the previous fiscal year.

Investments in the USMF are accounted for as an open-ended mutual fund. Asset values, investment gains and losses, and other portfolio-wide transactions are allocated based on the number of units or

#### NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

shares that each fund has relative to the total number of shares or units. Assets associated with the System's endowment funds are reported as Endowment Investments on the Statement of Net Position of the System, and Investments on the Statement of Financial Position of the USMF, with a corresponding liability reflecting the fair value of the System's interest in the investment portfolio.

The System discloses investment risks as follows:

#### Interest rate risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment.

The System has no formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

#### **Custodial credit risk**

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the System would not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial risk if the securities are uninsured, are not registered in the name of the System, and are held by either (a) the counterparty or (b) the counterparty's trust department or agent but not in the System's name. Endowment investments managed by the USMF are uninsured and are not registered in the name of the System, as they are a part of a commingled portfolio comprising proportionate interests of several different entities.

None of the System's restricted investments are exposed to custodial credit risk.

# Credit risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The System is exposed to credit risk on its Endowment investments managed by the USMF.

# Foreign currency risk

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. The System is not exposed to any material amount of foreign currency risk.

#### **Endowment investments**

As of June 30, endowment investments consisted of the following, stated at fair value:

Corporate debt Corporate equities Assets invested with USMF	\$ 7,200 122,985 445,072,335
Total	\$445,202,520

2023

#### NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

As of June 30, the net position balances of the fund groups making up the endowment were as follows:

	2023
Pure endowments Funds functioning as endowments Term endowments	\$162,584,118 276,583,493 6,034,909
Total	_\$445,202,520_

Assets associated with endowment funds are invested in accordance with the terms of donor agreements in those instances where such agreements place constraints on allowable investments.

A spending rule has been adopted by the Board to ensure that endowment funds retain a consistent level of purchasing power over time. The spending rule provides for a target rate of spending of 4.25% of a rolling twelve-quarter average market value of the endowment fund. The spending rule is reviewed periodically by the Finance Committee of the Board.

Net appreciation on investments of the pure endowment funds totaled \$115,293,423 as of June 30, 2023, respectively. Reinvestments of net appreciation are considered to be subject to donor spending restrictions if applicable, and accordingly, are reflected as a component of restricted, expendable net assets.

The Maryland Uniform Prudent Management of Institutional Funds Act governs the use of net appreciation, both realized and unrealized, of endowment investments. This law allows a governing board to appropriate for expenditure only those amounts in excess of the historic gift amount that are prudent, taking into consideration long and short term needs of the institution in carrying out its educational, charitable, or other eleemosynary purposes, its present and anticipated financial requirements, expected total return on its investments, price level trends, and general economic conditions.

## Other investments

Other investments include an interest in a real estate partnership formed to facilitate the long-term development of a parcel of land owned by the University of Maryland College Park, and several investments in System-related start-up companies. The carrying value of partnership interests are assessed on an annual basis by reference to the reported value of the university's interest. The investments in University System-related start-up companies are valued at fair value as assessed by a review of the most recent financial statements, or an understanding of the current state of operations.

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

#### Allocation of investment income

Investment income is assigned to the accounting funds, including endowments, in proportions associated with investments held by the various accounting funds. For the year ended June 30, 2023 income attributed to unrestricted funds and restricted funds was:

 Unrestricted funds
 \$125,930,972

 Restricted funds
 13,323,658

 Total
 \$139,254,630

#### 4. FAIR VALUE MEASUREMENTS

Generally accepted accounting principles define fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This statement also establishes a hierarchy of valuation inputs based on the extent to which the inputs are observable in the marketplace. The following three-level hierarchy classifies the inputs used to determine fair value:

Level 1: Pricing inputs are quoted prices (unadjusted) available in active markets for identical investments as of the reporting date. Investments generally included in this category are listed equities and listed mutual funds.

Level 2: Pricing inputs are quoted prices for similar investments in active markets, quoted prices for identical or similar assets in markets that are not active, observable inputs other than quoted prices, and market corroborated data. Investments that are generally included in this category are fixed income securities.

Level 3: Pricing inputs are unobservable for the investment and must be developed using the best information available under the circumstances, which might include the System's own data. Investments that are generally included in this category are investments in private equity and investment funds as well as off-shore hedge funds.

System endowment investments are largely a proportionate interest in an investment portfolio managed by the USMF. As of June 30, 2023 the System also holds corporate debt investments of \$7,200 that are classified as level 3 investments, and corporate equity investments of \$122,985 that are classified as level 1 investments.

As of June 30, 2023, System other investments include partnership interests of \$26,226,063 that are classified as level 3 investments. As of June 30, 2023, other investments include mutual funds and short-term securities of \$17,314,456 that are classified as level 1 investments.

#### Major component units

The USMF invests funds on behalf of the System and several other System component units. The majority of the amounts reported as investments by the University of Maryland College Park Foundation, Inc., and the University of Maryland Baltimore Foundation, Inc. are invested by the USMF.

#### NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

The following table shows the USMF's investments using the three-level fair value hierarchy as of June 30, 2023:

		June 30,	Fair Value Measurements		nts
Investments by fair value level		2023	Level 1	Level 2	Level 3
Money market funds and short-term					
investments	\$	99,162,000 \$	99,162,000		
ETF's and mutual funds		226,738,000	226,738,000		
Common stock		12,945,000	12,945,000		
Separately managed accounts	_	460,834,000	\$	382,102,000 \$	78,732,000
Total investments by fair value level		799,679,000 \$	338,845,000 \$	382,102,000 \$	78,732,000
Investments measured at net asset value (NAV)		_

	_	· · · · · ·			
Total investments measured at NAV	_	1,455,464,000			
Total investments		2,255,143,000			
Due to other System component units	(	(1,207,949,000)			
Total USMF investments reported		1,047,194,000			
Due to the System		(445,072,335)			
Total USMF investments	\$	602,121,665			

System component unit investments managed by the USMF of \$1,207,949,000 were eliminated from the USMF financial statements as of June 30, 2023.

#### Investments measured at net asset value

Private investments measured at NAV consists of investments in partnership-based structures where the general partner or investment manager generally values their investments at fair value. The fair value of these investments has been estimated either by using the NAV per share of the investments or the ownership percentage of the fund's net assets as allowed as a practical expedient under fair value guidance. The private investments offer exposure to intermediate assets, public equity, liquid credit, diversifying strategies and/or private market, through the private investment structure as further discussed within the footnotes.

Due to the limited availability of valuation data as of the USMF's year-end, management utilizes the most recent NAV or ownership percentage which may be on a month to quarter lag. Management adjusts the net asset value or ownership percentage to be more representative of the year-end fair value by including capital contributions, and redemptions or returns of capital during the gap period. Management will also adjust for known performance adjustments for private investments that hold publicly traded securities. Performance adjustments ranged from (1.63)% to 6.08% for those investments on a one-month lag. No performance adjustments are made to investments on a quarter lag given the unobservability of investment performance at the time of report issuance.

USMF believes the carrying value of private investments in the statements of financial position is a reasonable estimate of its ownership interest in the private investment funds. As part of the USMF's overall valuation process, management evaluates these third-party methodologies to ensure that they are representative of exit prices in the security's principal markets. Management performs a retroactive review of its fair value estimates by comparing to actual year-end statements received subsequent to year-end.

As of June 30, 2023, unfunded commitments within the private investments measured at NAV equaled approximately \$405 million.

The following table shows FPI's investments using the three-level fair value hierarchy as of June 30, 2023:

	 Fair Va	lue Measurer	nents		
Investments by fair value level and NAV	Level 1	Level 2	Level 3	NAV	Total
Cash equivalents Corporate bonds U.S. government and agency securities	\$ 217,155			\$ 7,377,989 \$ 5,708,552 20,699,867	7,595,144 5,708,552 20,699,867
Common stocks, preferred stocks and mutual funds  Total investments by fair	 433,806			111,731,879	112,165,685
value level and NAV	\$ 650,961			\$ 145,518,287 \$	146,169,248

These investments include the assets limited as to use set aside at the discretion of the board of directors for self-insurance trust arrangements which includes assets of the Maryland Medicine Comprehensive Insurance Program (MMCIP) Self-insurance Trust. These portfolios contain Level 1, Level 2 and alternative investments. As of June 30, 2023, the majority of these investments are subject to 30 day or

#### NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

less notice requirements and are available to be redeemed on at least a monthly basis

Investments reported at fair value above are reflected in the following components in the consolidated statements of financial position s as of June 30, 2023:

	As	ssets limited		Monies held on behalf of	
		as to use	Investments	others	Total

#### 7. DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES

The composition of deferred outflows of resources as of June 30, was summarized as follows:

	2023
Unamortized loss on refundings of debt Deferred outflows related to asset retirement obligations Deferred outflows related to the pension liability	\$ 4,861,048 11,194,989 314,484,404
Total deferred outflows of resources	\$330,540,441

The composition of deferred inflows of resources as of as of June 30, was summarized as follows:

	2023
Public-private partnership receipts Deferred inflows related to leasing activity	\$246,838,739 13,940,687
Deferred inflows related to the pension liability	116,254,540
Total deferred inflows of resources	\$377,033,966

#### 8. PUBLIC-PRIVATE PARTNERSHIPS FOR STUDENT HOUSING

The System has entered into long-term leases of university-owned land, and other agreements with a quasi-governmental entity to finance, construct, and manage student housing projects at seven of the System's institutions. These agreements satisfy the accounting criteria established to be considered service concession arrangements.

Under the terms of the ground leases, the System transfers rights to university-owned property for a term of 40 years to the quasi-governmental issuer of debt (the 'project owner'). The project owner contracts with a developer to build student housing on the property. The project owner also contracts with an operator that manages the facility on behalf of the project owner. Each student housing project is financed using tax-exempt debt that limits the use of the project to activities that support the institution. The operator charges and collects rent from the students, and pays the operating costs and debt service associated with the project. The residual cash flow from the project, after paying all operating costs and management fees, is paid to the university as the annual ground lease payment. The institution has the ability to approve what services the operator is required to provide and the rates that can be charged.

Upon final payment of the outstanding debt associated with the project, or upon termination of the ground lease, whichever is sooner, the project owner's rights to use the land and ownership of the project transfers to the university.

#### NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

As of June 30, the following amounts associated with public-private partnerships were reflected on the Statement of Net Position:

	2023
Capital assets, net – Buildings & improvements	\$247,626,748
Deferred service concession arrangement receipts	246,838,739

#### 9. ASSET RETIREMENT OBLIGATIONS

The System owns and operates facilities and equipment subject to certain legal and regulatory requirements to perform asset retirement activities.

A nonpower training nuclear reactor operated at the University of Maryland College Park is subject to statutory and regulatory requirements promulgated by the U.S. Nuclear Regulatory Commission (the NRC) under Title 10 of the Code of Federal Regulations (the CFR). Estimated asset retirement obligations for the reactor are \$14,762,674 as of June 30, 2023. The reactor had a remaining useful life of 16 years as of June 30, 2023.

The University of Maryland College Park is periodically required by the CFR to provide various disclosures to the NRC in order to maintain the operating license for the reactor, including, but not limited to, projected operating costs, projected decommissioning costs, and funding assurances. The University of Maryland College Park was in compliance with all such requirements as of June 30, 2023 and 2022.

The System also owns and operates various equipment assets, including gamma cell irradiators and underground oil tanks, that are also subject to statutory or regulatory asset retirement obligations of individually nominal dollar values. All such assets were fully depreciated as of June 30, 2023 and 2022.

Asset retirement obligations were estimated based upon the historical decommissioning costs of similar assets, stated in current dollars using the Implicit Price Deflator issued by the U.S. Department of Commerce, using current personnel costs, and a contingency factor of 25%.

Total asset retirement obligations of \$16,848,902, as of June 30, 2023, are included in accounts payable and accrued liabilities. The System is financially prepared to fund and satisfy all asset retirement obligations when required.

# 10. RESTRICTED NET POSITION

Restricted net position as of June 30, were as follows:

	2023
Nonexpendable	
Scholarships and fellowships	\$ 21,439,572
Research	7,636,977
Other	16,928,834
Total restricted nonexpendable net position	\$ 46,005,383
Expendable	
Scholarships and fellowships	\$ 78,559,144
Research	78,683,998

Total restricted expendable net position	\$218,451,585

# Major component units

Net assets with donor restrictions as of June 30, 2023, were as follows:

	University System of Maryland Foundation, Inc.	University of Maryland College Park Foundation, Inc.	University of Maryland Baltimore Foundation, Inc.	
Scholarships & fellowships	\$ 222,172,000	\$ 254,664,939	\$ 88,680,458	
Research	25,894,000	34,589,293	18,122,933	
Other	189,822,000	696,578,914	317,562,276	
Total net assets with donor restrictions	\$ 437,888,000	\$ 985,833,146	\$ 424,365,667	

#### 11. REVENUE BONDS AND NOTES PAYABLE

The System finances the construction, renovation and acquisition of certain facilities and equipment through the issuance of debt obligations. State law limits the aggregate principal amount of debt outstanding and the present value of future minimum lease payments on lease obligations for real property to no more than \$1,700,000,000.

As of June 30, revenue bonds and notes payable consisted of the following:

	2023
Revenue Bonds, net Other	\$1,212,453,572 27,788,241
Revenue bonds and notes payable, net	\$1,240,241,813

2022

# **Auxiliary Facility and Tuition Revenue Bonds**

As of June 30, 2023, Auxiliary Facility and Tuition Revenue Bonds (Revenue Bonds) consisted of the following:

			Principal
	Interest Rates	<b>Maturity Dates</b>	Outstanding
2012 Refunding Series B	3.25%	2024	\$ 2,550,000
2012 Series D	3.00% - 4.00%	2024-2027	28,760,000
2014 Series A	3.00% - 5.00%	2024-2028	36,920,000
2015 Series A	3.00% - 5.00%	2024-2028	30,060,000
2016 Series A	3.00% - 5.00%	2024-2036	105,235,000
2016 Refunding Series B	2.375% - 5.00%	2024-2030	35,690,000
2017 Series A	4.00% - 5.00%	2024-2037	91,360,000
2018 Series A	3.00% - 5.00%	2024-2038	95,455,000
2019 Series A	3.00% - 5.00%	2024-2039	95,775,000
2019 Refunding Series B	5.00%	2024-2029	33,065,000
2019 Refunding Series C	4.00% - 5.00%	2024-2030	87,230,000
2021 Series A	4.00% - 5.00%	2024-2051	211,760,000
2021 Refunding Series B	0.33% - 1.79%	2024-2034	106,285,000
2022 Series A	3.00% - 5.00%	2024-2052	99,635,000
2022 Refunding Series B	5.00%	2024-2026	18,155,000
Subtotal			1,077,935,000
Unamortized discounts and premiums			134,518,572
Revenue Bonds, net			\$ 1,212,453,572

Revenue Bonds have been issued pursuant to an Indenture of Trust, an agreement entered into with a trustee for the benefit of holders of Revenue Bonds. Pursuant to the Indenture of Trust, the System has agreed to charge and collect tuition revenues and net auxiliary facility fees in an amount that is not less than 200% of the maximum future annual debt service on Revenue Bonds. For the current year, principal and interest paid and total tuition and auxiliary facility fees were \$140,010,459 and \$2,521,835,764, respectively.

As of June 30, 2023, previously issued debt removed from the System's financial statements through advance refunding transactions still outstanding was \$55,000,000.

As of June 30, 2023, cash and cash equivalents and investments restricted by the terms of the Indenture of Trust totaled \$32,168,778.

#### Other

Other debt and notes payable includes amounts borrowed to finance facilities, equipment acquisitions, a marine research vessel and other improvements designed to enhance energy efficiency savings.

The System is subject to Federal arbitrage laws governing the use of proceeds of tax-exempt debt.

Future principal and interest payments as of June 30, 2023, are as follows:

	Auxiliary Facility and Tuition Revenue Bonds		Notes Payable and Other Long-term Debt		Total	
Year ending June 30,		Principal	Interest	Principal	Interest	Payments
2024 2025 2026 2027	\$	90,770,000 \$ 83,525,000 83,715,000 87,475,000	42,430,471 \$ 38,180,270 34,323,440 30,510,745	4,109,968 \$ 1,723,147 1,435,366 1,446,795	479,427 \$ 412,450 389,327 365,773	137,789,866 123,840,867 119,863,133 119,798,313

# 12. LEASES

# Lessee arrangements

The System leases equipment as well as certain operating and office facilities for various terms under long-term, non-cancelable lease agreements. Upon inception, the System recognizes a lease liability and an intangible right-to-use lease asset (lease asset) in its financial statements. Right-to-use assets acquired through outstanding leases are shown by underlying asset class in Note 6. Many of the leases provide for an optional extension of the terms of the agreements and increases in payment amounts based on changes in indices such as the Consumer Price Index. The leases expire at various dates through 2043.

#### NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

Total future minimum lease payments under lease agreements as of June 30, 2023, are as follows:

Year ending June 30,	Principal		Interest T	otal Payments
2024 2025 2026 2027 2028 2029 - 2033 2034 - 2038	\$	17,894,865 \$ 16,603,545 11,661,258 9,156,995 9,525,627 18,845,978	2,558,683 \$ 1,968,944 1,528,068 1,215,235 1,532,251 1,594,208	20,453,548 18,572,489 13,189,326 10,372,230 11,057,878 20,440,186
2034 - 2038 2039 - 2043		3,569,063 2,360,195	710,224 238,661	4,279,287 2,598,856
2039 - 2043 Total	\$	89,617,526 \$	11,346,274 \$	

#### Lessor

The System, acting as lessor, leases land and buildings under long-term, non-cancelable lease agreements. The System recognized a lease receivable and a deferred inflow of resources in its financial statements. The leases expire at various dates and provide for renewal options. During the year ended June 30, 2023, the System recognized \$12,583,387 and \$974,640 in lease revenue and interest revenue, respectively, pursuant to these contracts.

#### 13. SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ARRANGEMENTS

The System has entered into contracts granting the System the right to use vendor-provided information technology for various terms under long-term, non-cancelable subscription agreements, referred to as Subscription-Based Information Technology Arrangements (SBITAs). Upon inception, the System recognizes a liability and an intangible right-to-use asset in its financial statements. Right-to-use assets acquired through SBITAs are shown with related accumulated depreciation in Note 6. Many of the subscriptions provide for an optional extension of the terms of the agreements and increases in payment amounts based on changes in indices such as the Consumer Price Index. The subscriptions expire at various dates through 2033.

Total future minimum subscription payments under SBITAs as of June 30, 2023, are as follows:

Year ending June 30,	Principal	Interest	Total Payments
2024 2025	\$ 14,520,081 \$ 10,872,346	1,150,937 \$ 870,984	15,671,018 11,743,330
2023 2026 2027	5,506,021 3,784,479	539,075 351,905	6,045,096 4,136,384
2028 2029 - 2033	2,165,308 6,133,589	249,594 389,554	2,414,902 6,523,143
Total	\$ 42,981,824 \$	3,552,049 \$	46,533,873

# 14. AUXILIARY ENTERPRISES

Auxiliary enterprises revenues for the year ended June 30, 2023 were as follows:

	2023
Residential facilities	\$215,887,920
Less: scholarship allowances	(16,520,371) \$199,367,549
Dining facilities	150,819,587
Less: scholarship allowances	(8,663,551) 142,156,036
Intercollegiate athletics	154,888,205
Less: scholarship allowances	(8,510,515) 146,377,690
Bookstore	14,874,198
Less: scholarship allowances	(2,174,553) 12,699,645
Parking facilities	42,664,914
Less: scholarship allowances	(157,119) 42,507,795
Other	166,037,955
Less: scholarship allowances	(456,638) 165,581,317
Total auxiliary enterprises revenues	\$708,690,032

Auxiliary enterprises expenses for the year ended June 30, 2023 were as follows:

	2023
Residential facilities	\$191,683,735
Dining facilities	144,142,417
Intercollegiate athletics	168,220,152
Bookstore	14,695,038
Parking facilities	27,324,429
Other	159,279,496
Total auxiliary enterprises expenses	\$705,345,267

This page intentionally left blank.

#### 15. CHANGES IN LONG-TERM LIABILITIES

Changes in long-term liabilities for the year ended June 30, 2023, were as follows:

	June 30, 2022	Additions	Decreases	June 30, 2023	Due Within One Year
Accrued vacation costs Accrued workers' compensation Revenue bonds and notes payable, net Obligations under subscription arrangements Obligations under lease agreements	\$ 311,886,310 30,149,000 1,351,807,447 101,116,692	4,368,275 59,148,229	\$ 144,382,924 5,502,275 111,565,634 16,166,405 25,223,374	29,015,000 1,240,241,813 42,981,824	\$ 135,247,076 4,352,250 94,879,968 14,520,081 17,894,865
Net pension liability	977,354,142	327,565,496		1,304,919,638	
Total long-term liabilities	\$ 2,772,313,591	\$ 558,204,013	\$ 302,840,612	\$ 3,027,676,992	\$ 266,894,240

#### 16. OPERATING EXPENSES BY OBJECT

The System reports operating expenses in the Statement of Revenues, Expenses and Changes in Net Position by program category. Operating expenses, grouped by object classification for the year ended June 30, 2023 were as follows:

	2023			
	Employee	Payments to Suppliers, Contractors and Others	Depreciation and Amortization	Total
Instruction Research	\$ 1,369,283,113 772,277,969	\$ 153,019,085 435,480,900	\$ 78,126,036 36,197,828	\$ 1,600,428,234 1,243,956,697
Public service	450,607,067	116,349,440	6,286,610	573,243,117

This page intentionally left blank.

# 17. RETIREMENT AND PENSION PLANS

#### General Information about the Pension Plan

# Plan description

Some employees of the System are members of the Maryland State Retirement and Pension System (MSRPS). These employees are members of either the Teachers Pension System (TPS) or the Employees Retirement System (ERS) of the State of Maryland. The TPS and ERS are part of the MSRPS which is considered a multiple employer cost-sharing plan. Some employees of the System may choose as an alternative to participate in the Optional Retirement Program (ORP), which is a defined contribution plan. The State Personnel and Pensions Article of the Annotated Code of Maryland (the Article) grants the authority to establish and amend the benefit terms of TPS and ERS to the MSRPS Board of Trustees. MSRPS issues a publicly available financial report that can be obtained at:

www.sra.state.md.us/agency/downloads/cafr/

#### Benefits provided

An individual who is a member of either the TPS or ERS on or before June 30, 2011, is eligible for full retirement benefits upon the earlier of attaining age 62, with specified years of eligibility service, or accumulating 30 years of eligibility service regardless of age. An individual who becomes a member of either the TPS or ERS on or after July 1, 2011, is eligible for full retirement benefits if the member's combined age and eligibility service equals at least 90 years or if the member is at least age 65 and has accrued at least 10 years of eligibility service. For most individuals who retired from either the TPS or ERS on or before June 30, 2006, the annual pension allowance equals 1.2% of the member's average final compensation (AFC), multiplied by the number of years of creditable service accumulated prior to July 1, 1998, plus 1.4% of the member's AFC, multiplied by the number of years of creditable service accumulated subsequent to June 30, 1998. With certain exceptions, for individuals who are members of the TPS or ERS on or after July 1, 2006, the annual pension allowance equals 1.2% of the member's AFC, multiplied by the number of years of creditable service accumulated prior to July 1, 1998, plus 1.8% of the member's AFC, multiplied by the number of years of creditable service accumulated subsequent to June 30, 1998. Beginning July 1, 2011, any new member of the TPS or ERS shall earn an annual pension allowance equal to 1.5% of the member's AFC multiplied by the number of years of creditable service accumulated as a member of the TPS or ERS.

#### **Disability and Death Benefits**

Generally, a member covered under retirement plan provisions who is permanently disabled after 5 years of service receives a service allowance based on a minimum percentage (usually 25%) of the member's AFC. A member covered under pension plan provisions who is permanently disabled after accumulating 5 years of eligibility service receives a service allowance computed as if service had continued with no change in salary until the retiree attained age 62. Death benefits are equal to a member's annual salary as of the date of death plus all member contributions and interest.

# **Contributions**

The Article sets contribution requirements of active employees and the participating governmental units and may be amended by the MSRPS Board. Members of the ERS are required to contribute 6% of their annual pay. Members of the TPS are required to contribute 7% of their annual pay. The State of Maryland is responsible for the net pension liability of TPS. The System's required contribution rates are based on annual actuarial valuations using the individual Entry Age Normal Cost method with projection and other actuarial assumptions adopted by the MSRPS Board of Trustees. These contribution rates have been established as the rates necessary to fully fund normal costs and amortize the unfunded actuarial accured liability. As such, the State of Maryland is responsible for 100% of the net pension liability related to TPS and qualifies as a special funding situation.

The System's required contribution for the year ended June 30, 2023 was \$166,335,516 and was actuarially determined as an amount that, when combined with the State of Maryland and employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability (State only).

# Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

As of June 30, 2023 the System reported a liability of \$1,304,919,638 as its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2022 respectively, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The System's proportion of the net pension liability was a ratio of the System's long-term share of contributions to the pension plan relative to the contributions of all participating government units, actuarially determined. As of June 30, 2023 and 2022, the System's proportion for the net pension liability was 7.00% and 7.01%, respectively.

For the year ended June 30, 2023 the System recognized pension expense of \$112,097,320. As of June 30, 2023, the System reported deferred outflows of resources and deferred inflows of resources related to the net pension liability of the following sources:

	2023		
	Deferred Outflows of Resources	Deferred Inflows of Resources	
Changes in actuarial assumptions Net difference between projected and actual earnings on pension plan	\$145,276,141	\$ 12,471,282	
investments		6,773,084	
Contributions made subsequent to the measurement date	166,335,516		
Change in proportionate share	2,872,747	4,442,535	
Difference between actual and expected experience		92,567,639	
Total	\$314,484,404	\$116,254,540	

The System reported \$166,335,516 as deferred outflows of resources related to the pension resulting from the System's contributions subsequent to the measurement date that will be recognized as a reduction of the pension liability in the year ended June 30, 2024.

#### NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

Amounts other than contributions made subsequent to the measurement date reported as deferred outflows of resources and deferred inflows of resources related to the pensions will be recognized in pension expense as follows:

Years ending June 30,	Deferred outflows	Deferred inflows
2024 2025 2026 2027 2028	\$ 42,801,040 41,585,418 41,585,418 21,861,858 315,154	\$ 54,854,859 52,895,775 71,411,220 68,333,987 5,426,673
	\$148,148,888	\$116,254,540

#### Information included in the MSRPS financial statements

Actuarial assumptions, long-term expected rate of return on pension plan investments, discount rate, and pension plan fiduciary net position are available at:

https://sra.maryland.gov/annual-financial-reports

Sensitivity of the System's proportionate share of the net pension liability to changes in the discount rate.

The System's proportionate share of the net pension liability calculated using the discount rate of 7.00 percent is \$1,304,919,638. The System's proportionate share of the net pension liability, if it were calculated using a discount rate that is 1-percentage-point lower (6.00 percent) is \$2,002,161,898, or 1-percentage-point higher (8.00 percent) is \$726,370,125.

#### **Optional Retirement Program**

Another option for employees if they choose not to participate in the MSRPS is the optional retirement programs (ORP), which are defined contribution money purchase plans funded currently each year and invested in specific funds offered by one of two vendors. In defined contribution plans, benefits depend solely on amounts contributed plus investment earnings.

Qualified employees are eligible to participate from the date of employment. Employees in both the ORP and the State System can also participate in supplemental retirement plans.

State legislation provides that the System contribute 7.25 percent of covered employees' annual salaries each month. The employee does not have to contribute to the plan in order to receive the System's contribution. The System's contribution along with that of the employee is immediately and fully vested. Payroll for employees covered in the ORP for the year ended June 30, 2023, was \$1,652,257,539.

The amount contributed by the System for employees participating in the ORP for the year ended June 30, 2023 was \$119,788,672.

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

# **Major Component Units**

The USMF maintains a defined contribution plan for certain personnel provided by TIAA-CREF. The USMF contributes 7.25 percent of the employees' compensation to the plan. In addition, eligible employees are entitled to make voluntary contributions to the plan. Total pension expense for the year ended June 30, 2023, was approximately \$318,000.

#### 18. OTHER POSTEMPLOYMENT BENEFITS

Members of the State Retirement and Pension System of Maryland and their dependents are provided postemployment health care benefits through the State Employee and Retiree Health and Welfare Benefits Program (the Plan). The Plan is a cost sharing defined benefit healthcare plan established by the State Personnel and Pensions Article, Section 2-501 through 2-516 of the Annotated Code of Maryland. The Plan is self-insured to provide medical, hospitalization, prescription drug and dental insurance benefits to eligible state employees, retirees, and their dependents.

State Employee and Retiree Health and Welfare Benefits Program of Maryland

#### **Plan Description**

Effective July 1, 2004, the State established the Postretirement Health Benefits Trust Fund (OPEB Trust) to receive appropriated funds and contributions to assist the Plan in financing the State's postretirement health insurance subsidy. The OPEB Trust is established in accordance with Section 34-101 of the State Personnel and Pensions Article of the Annotated Code of Maryland and is administered by the Board of Trustees for the Maryland State Retirement and Pension System. The Plan is included in the State's CAFR, which can be obtained from the Comptroller of Maryland's website at:

#### www.marylandtaxes.com

System employees are members of the Plan. Eligibility for the Plan is determined by various factors, including date of hire. Generally, employees hired before July 1, 2011 may enroll and participate in the Plan if the employee left State service with at least 16 years of creditable service, retired directly from State service with at least 5 years of creditable service, left State service with at least 10 years of creditable service and within 5 years of normal retirement age, or retired directly from State service with a disability retirement. Employees hired on or after July 1, 2011, may enroll and participate in the Plan if the employee left State service with at least 25 years of creditable service, retired directly from State service with at least 10 years of creditable service and within 5 years of normal retirement age, or retired directly from State service with a disability retirement.

# **Funding Policy**

Funds deposited into the OPEB Trust may consist of any funds appropriated to the OPEB Trust, whether directly or through the budgets of any State agency. The State is required by law to include money in the State budget to pay the State's share of the costs of the Plan.

The State subsidizes a portion of the covered medical, dental, prescription, and hospitalization costs, depending on the type of insurance plan. Costs for postretirement benefits for State retirees are primarily funded by the State. The State does not distinguish employees by employer/State agency. The State has elected to maintain the entire net OPEB liability as a liability of the general fund of the State and has not

#### NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

allocated any balances to State entities including the System.

A separate actuarial valuation is not performed by the System. The System's only obligation to the Plan is its required annual contribution, which it has fully funded during the years ended June 30, 2023, 2022, and 2021. The amount contributed for the years ended June 30, 2023, 2022, and 2021 was \$122,470,987, \$104,579,077, and \$89,821,855 respectively.

#### 19. CONSTRUCTION COMMITMENTS

The estimated costs to complete construction in progress as of June 30, 2023 is \$397,808,000 of which \$64,049,000 is to be funded from Revenue Bond proceeds, \$269,367,000 is to be derived from State capital appropriations and grants, and \$64,392,000 to be provided from System funds.

#### 20. CONTINGENT LIABILITIES

The System has entered into future purchase commitments for natural gas and electricity, as a means of hedging its risk against fluctuations in price of an important fuel commodity and electricity supplies. As of June 30, 2023, the System had entered into open contracts for the purchase of \$13,208,765 of natural gas to be delivered through June 2024. Future purchase commitments for electricity to be supplied through June 2024 totaled \$36,684,568 as of June 30, 2023. The System and its institutions generally take delivery of the natural gas and electricity purchased through future purchase contracts.

The System receives support from federal and state grant programs, primarily for student financial assistance and research activities. Entitlement to the resources requires compliance with terms of the grant agreements and applicable regulations, including the expenditure of the resources for eligible purposes. Substantially all grants are subject to financial and compliance audits by the grantors. As of June 30, 2023, the System estimates that adjustments, if any, as a result of such audits would not have a material adverse effect on the accompanying financial statements.

The System is involved in a number of legal actions that arise in the normal course of its operations. Management is not aware of any legal actions that will have a material adverse effect on the System's financial position.

# 21. RISK MANAGEMENT

The System participates in State-wide self-insurance programs for many forms of risk of loss, including general liability, property and casualty, workers' compensation, environmental and anti-trust liabilities, as well as certain employee health benefit programs.

The System remits premiums to the State to cover costs of claims servicing and claims payments. The premiums are based on a percentage of annual payroll or are based on average loss experience, taking into account recent trends in actual claims experience, and providing for catastrophic losses.

The System records a liability when it is probable that a loss has been incurred and the amount of that loss can be reasonably estimated. Liabilities recorded include a provision for claims incurred but not reported. Because actual claims liabilities depend on such complex factors such as inflation, changes in legal doctrines, and damage awards, actual claims could differ from estimates. Claims liabilities are reevaluated periodically to take into consideration recently settled claims, the frequency of claims and other economic and social factors. Liabilities for incurred workers' compensation losses to be settled by fixed or reasonably determinable payments over a long period of time are reported at their present value using

#### NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2023

a 4% discount rate. The provision for workers' compensation is based upon a separately determined actuarial valuation for the fiscal year ended June 30, 2023. Settlement amounts have not exceeded insurance coverage levels for the years ended June 30, 2023, 2022, or 2021. As of June 30, 2023, the System has recorded \$29,015,000 in liabilities associated with workers' compensation, respectively.

#### **UNIVERSITY SYSTEM OF MARYLAND**

## NOTES TO SUPPLEMENTARY INFORMATION YEAR ENDED JUNE 30, 2023

#### **ACCOUNTING AND REPORTING PRACTICES**

#### Supplementary data reporting units

University System of Maryland Office (System Office), composed of the offices of the Chancellor and Vice Chancellors and their respective staffs, provides central executive and administrative services and supports and coordinates the efforts of the entire System. The expenses incurred in connection with these activities are reported on the financial records of the System Office.

#### **Facilities maintenance expenses**

Certain expenses for facilities management for the System Office and the University of Maryland Global Campus are included in the financial records of University of Maryland, College Park.

#### System-wide financing arrangements

The System constructs, acquires, and renovates plant facilities using the proceeds of Revenue Bonds and other financing arrangements. The proceeds of System-wide financing arrangements are used in accordance with Board authorizations, which specify the projects for which the funds are to be used. Unexpended proceeds and a proportionate share of the outstanding debt obligation are reported on the financial records of the System Office.

Institutions are obligated to provide a proportionate share of the principal and interest payments attributable to auxiliary enterprises projects financed using the proceeds of System-wide financing arrangements. Currently, each instructional institution, with the exception of the University of Maryland Global Campus, provides a portion of the debt service attributable to academic facilities. To the extent that an instructional institution provides (or receives) resources for debt service for academic facilities (and the proportionate share of the outstanding debt obligation) recorded on another System institution or unit, such amounts are reported as a Transfer To / (From) Other University System of Maryland Institutions on the Statement of Revenues, Expenses, and Changes in Net Position.

## Component Unit information included in Supplementary Information Institutional Financial Statements

The System provides supplementary information financial statements for each System institution that reflect the financial information for each System institution, along with financial information reported by component units that have received assets for the benefit of the institution.

All but one affiliated foundation reported as component units perform fundraising for the benefit of a single, unique System institution. The University System of Maryland Foundation, Inc. (USMF), which performs investment management activities on behalf of the System, as well as other affiliated foundations reported as component units, is the lone affiliated foundation that holds assets received for the benefit of multiple System institutions.

The component unit information reported in supplementary information financial statements for System institutions is made up of the financial statement information from institution-specific affiliated foundations recognized as component units, and an allocation of financial statement balances and activity for the USMF. The allocation of balances and activity of the USMF is based on the proportionate amounts of assets held by the USMF for the benefit of each System institution.

# INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Regents University System of Maryland Adelphi, Maryland

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the business-type activities and the aggregate discretely presented component units of the University System of Maryland (the System), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the System's basic financial statements, and have issued our report thereon dated December 22, 2023. Our report includes a reference to other auditors who audited the financial statements of the University System of Maryland Foundation, Inc., the University of Maryland College Park Foundation, Inc., the University of Maryland Baltimore Foundation, Inc., University of Maryland Faculty Physicians, Inc., Bowie State University Foundation, Inc., Towson University Foundation, Inc., Frostburg State University Foundation, Inc., Coppin State University Development Foundation, Inc., University of Baltimore Foundation, Inc. and University Properties, Inc., Salisbury University Foundation, Inc., University of Maryland Orthopaedic Associates, P.A., University of Maryland Pediatric Associates, P.A., and UMGC Ventures, Inc. and Subsidiaries, as described in our report on the University System of Maryland's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

The financial statements of the University System of Maryland Foundation, Inc., the University of Maryland College Park Foundation, Inc., the University of Maryland Baltimore Foundation, Inc., University of Maryland Faculty Physicians, Inc., Bowie State University Foundation, Inc., Towson University Foundation, Inc., Frostburg State University Foundation, Inc., Coppin State University Development Foundation, Inc., University of Baltimore Foundation, Inc. and University Properties, Inc., Salisbury University Foundation, Inc., University of Maryland Orthopaedic Associates, P.A., University of Maryland Pediatric Associates, P.A., and UMGC Ventures, Inc. and Subsidiaries were not audited in accordance with *Government Auditing Standards*.

#### Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the System's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the System's internal control. Accordingly, we do not express an opinion on the effectiveness the System's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified.

We identified a certain deficiency in internal control, described in the accompanying schedule of findings and responses as item 2023-001 that we consider to be a material weakness.

#### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the System's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### University System of Maryland's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the System's response to the findings identified in our audit and described in the accompanying schedule of findings and responses. System's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

#### Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CliftonLarsonAllen LLP

Clifton Larson Allen LLP

Baltimore, Maryland December 22, 2023

#### 2023 - 001: Material Excluded Component Units

Type of Finding:

Material Weakness in Internal Control over Financial Reporting

**Condition:** The System's financial statements erroneously excluded three material component units.

Criteria or specific requirement: The requirements of GASB Statement No. 14 The Financial Reporting Entity, GASB statement No. 39 Determining Whether Certain Organizations Are Component Units—an amendment of GASB Statement No. 14, and GASB Statement No. 61 The Financial Reporting Entity: Omnibus—an amendment of GASB Statements No. 14 and No. 34 provide guidance for determining whether or not separately governed organizations and entities meet the criteria for inclusion as component units.

**Effect:** Net assets as of June 30, 2022 related to discretely presented component units were understated by \$123,594,270. The System restated beginning net assets related to discretely presented component units to reflect the inclusion of the material previously excluded entities.

**Cause:** The System did not review potential component units for changes in operations or corporate structure that may warrant their inclusion in the reporting entity

Repeat Finding: No

**Recommendation:** We recommend the System establish a process to ensure that potential component units are reviewed for inclusion in the reporting entity.

Views of responsible officials and planned corrective actions: There is no disagreement with the audit finding.

The System will create a database that will include pertinent corporate documents such as articles of incorporation, bylaws, operating agreements and annual audited financial statements as appropriate. These documents will be reviewed annually and updated in compliance with Board of Regents Policies on Business Entities and Philanthropic Foundations.

Planned completion date for corrective action plan: August 31, 2024

# Information and Discussion – FYE 6/30/2023 Independent Audit of USM's Financial Statements (CliftonLarsonAllen, LLP)
