2018 USM Dashboard Indicators

Key Indicators

The 2018 Dashboard Indicators provide a “snapshot” overview of the USM and its institutions. It brings together data from many USM reports and data sets. The indicators noted below were selected to highlight specific trends and challenges drawn from the System and Institutional Dashboards.

Access, Affordability and Attainment Indicators

- **Institutional Financial Aid** – Institutional financial aid awarded to undergraduates reached record levels of over \$151 million dollars. (*System Indicator 13*).
- **Recipients of Financial aid** –The percentage of undergraduates receiving a financial aid award remained relatively steady in FY 2017, and for 8 out of 9 USM institutions, the percentage of undergraduates receiving aid was higher than the peer institutional average. (*Institutional Indicator 8*).

Facilities Indicators

- **Facilities Renewal** –Only one USM institution met the Board of Regents’ policy goal for facilities renewal at two percent of replacement, and four other institutions exceeded one percent of replacement. Seven institutions were able to maintain or improve their performance. (*Institutional Indicator 52*).
- **Non-traditional Credit Activity** – System-wide, almost 13% of all credits awarded to undergraduates in FY 2017 were delivered via a modality other than face-to-face instruction. This measure was originally established by the Board to measure the use of non-traditional methods for efficiently supporting greater numbers of students. The most recent results exceeded the Regent’s target of 10%. (*Institutional Indicator 53*).

Fiscal Indicators

- **Fund Balance** – All but one USM institution successfully met the goal to increase the institution’s fund balance. The USM, as a whole, was also successful in meeting its fund balance goal. (*Institutional Indicator 43*)

Economic Development Indicators

- **Upper Division STEM Enrollment** – This measure is a leading indicator of progress on the State’s and the USM’s commitments to increase Science, Technology, Engineering, and Math (STEM) degrees. USM continues to increase enrollment with an additional +300 students from Fall 2016 to Fall 2017. (*System Indicator 35 & Institutional Indicator 35*).

Summary of 2018 Core Dashboard Indicators

As of 5/21/18

Note: Data are the most recent available for any given indicator. Years are not the same for all indicators.
